GOP May Delay Bill To Revise Worker Benefits

COLUMBUS, Ohio (AP) — The Ohio Senate has scheduled a vote today on a bill to revise workmen's compensation benefits. But Republicans, with an apparent razor-thin majority in favor of the bill, may delay the vote.

Democrats, who are expected to oppose the measure, say it would wipe out all of labor's gains made in the workmen's compensation field during the Democratic-controlled legislature in 1959.

Many of the changes are highly technical and affect the appeals procedure for injured workers. The revision measure is backed by both the Ohio Manufacturers Association and the Ohio Chamber of Commerce. The Ohio AFL-CIO opposes it.

Senators completed legislative action Tuesday on a bill to ban the drinking of so-called low-power beer in motor vehicles. After further legislative mechanics, the

bill will go to Gov. James A. Rhodes for his signature.

Even after a half-hour hassle led by Sen. William H. Deddens, R-Hamilton, the bill got through the Senate 23-8.

The anti-beer bill, already passed by the House, was passed by the Senate over the objection of Deddens and six Democrats.

"What kind of Gestapo methods will this lead to?" Deddens asked.

Deddens pictured the plight of a picnic-bound couple, intent on a little fishing, who might find themselves drinking a couple of bottles of beer with their lunch under the shelter of a parked car on a river bank during a heavy rain.

The Senate sponsor, Sen. Robin Turner, R-Seneca, retorted that the bill, which simply extends the present ban against consumption of intoxicants in autos from liquor down to 3.2 beer, is aimed at persons, 18 and above, who are entitled by law to buy beer.

"Twenty-five per cent of all traffic accidents in Ohio are caused by teen-agers who are intoxicated in some way," Turner told the Senate.

The House passed, and sent to the Senate, bills to:

Transfer the Bureau of Criminal Identification and Investigation from the Department of Mental Hygiene and Corrections to the office of the attorney general.

Continue limited contracts of teachers in school district transfers or mergers.

Eliminate the present requirement for county welfare employees to be residents of the county by which they are employed.

The House passed, after a day's delay because of technical difficulties, a Senate-approved measure to permit local school boards to waive tuition payments to foreign students. The measure now goes back to the Senate for approval of amendments and then to the governor.

An interesting development among the bills introduced Tuesday was a proposal which apparently has been bothering Senate Education Chairman Ross Pepple, R-Allen, for a long time. He maintains that the iron-clay pay schedule for teachers, depending on length of service, keeps many prospective teachers — especially men — out of the classroom.

Pepple introduced a bill which provides that a head of a household, man or woman, would qualify for a \$1,200 pay raise automatically, plus \$300 for each dependent.

Pepple is aiming for more men teachers in public schools.

Three Cleveland legislators came up with a proposal that a newspaper of general circulation in each of Ohio's 88 counties should publish, 21 days in advance, notices of hearings before committees in the General Assembly.

Under present operating procedure, notices of hearings are posted on legislative bulletin boards every Thursday afternoon. The posted hearings are for the succeeding legislative week.

Bali Volcano Rumbles, New Eruption Is Hinted

DENPASAR, Bali (AP) — The smoke cloud pouring from Agung volcano has been increasing, and Bali Information Director Anak Agung says another eruption is feared in the next two or three days.

The cloud and the general situation of the volcano "are very similar to the days before March 17," he said. Agung's eruption on that date killed nearly 1,500 persons and drove more than 70,000 from their homes.

The cloud and the general situation of the volcano "are very similar to the days before March 17," he said. Agung's eruption on that date killed nearly 1,500 persons and drove more than 70,000 from their homes.

Passman, D-La., said today he finally feels vindicated in his long battle against foreign aid — "but vindicated in words, not in action." So he still will wield his ax when President Kennedy's \$4.5 billion foreign aid bill comes his way.

For nine years, the ax of this dapper, jocular 62-year-old businessman from Monroe, La., has been a major obstacle for foreign aid bill trying to wend its way through Capitol Hill. No bill has emerged unscathed.

Passman derives his power from his position as chairman of the House Appropriations subcommittee on foreign operations. He derives his distaste for foreign aid

French Planes in Germany To Get U.S. Nuclear Arms

WASHINGTON (AP) — The United States this week will arm with nuclear weapons two units of French fighter-bombers based in West Germany but the weapons will remain under American control, Defense Department sources have disclosed.

Officials said Tuesday night that the arrangement was worked out in negotiations begun five years ago between France and the United States and completed about a year ago.

The delay, they said, was

caused by the time needed to acquire "lock and key" devices by which the United States retains control of the warheads.

The American control is retained through the so-called "permissive link" system. Thus even though a foreign nation may be flying a plane equipped with a U.S. nuclear weapon he is unable to fire it without an electronic go-ahead from another base. That electronic permission is kept in American hands.

Officials said this is the ninth such bilateral agreement between the United States and other North Atlantic Treaty Organization countries. The groundwork for the agreements was laid by NATO government heads in the late 1950s.

The agreement, the sources said, does not apply to any French units on French soil.

U.S. sources contended that the delivery of the U.S. nuclear weapons would make no change in the divergent U. S. and French views on nuclear arms policy.

The United States opposes independent national nuclear forces, favoring a multinational NATO force. Figuring large in President Charles de Gaulle's "grand design" for France is her own atomic force. He has turned down President Kennedy's offer of Polaris weapons to be put under NATO control.

From Paris' standpoint, the delivery of the weapons doesn't damage De Gaulle's stand, for the weapons will not be on French soil.

19 Picnic Areas Due To Be Closed

COLUMBUS, Ohio (AP)—Money saving measures of Gov. James A. Rhodes have forced the Ohio Historical Society to close 19 picnic and recreational facilities.

Charles Platt, superintendent of properties for the society, said the closings were necessitated by a 9.1 per cent cut in the Historical Society budget. He added that some services might have to be cut at state memorials.

Although the picnic and recreational areas will be closed, Platt said the historical features of the parks will still be open to the public. "After all," he said, "that's our primary responsibility."

18 Skiers Rescued

BERCHTESGADEN, Germany (AP)—A German army helicopter found 18 Austrian and German skiers today who had been missing four days in an avalanche-plagued area of the Alps.

Argentine Air Force Battles Nation's Navy

'Grave Abuses' Revealed in Stock Market

WASHINGTON (AP) — The Securities and Exchange Commission unfolded today a story of "grave abuses" which have pockmarked the sale of stock to unsuspecting investors, but said the securities business is free of over-all taint.

In the first installment of a report on the most exhaustive investigation of the stock market since the 1930's SEC Chairman William L. Cary told Congress: "Government and industry regulation and the efforts of the financial community must continue to be directed against practices which undermine the integrity of the securities markets and which can only be harmful to the economic growth of this country and to the investors who furnish the funds for that growth."

The commission delivered to Congress a 1,600-page report on its \$1-million study of the securities industry—a study that inevitably focused on shady practices.

It contained proposals for legislation, new regulations, and tight controls by industry groups to drive out crooked or unqualified salesmen; to purify the advice

Once Around Roundtown

GOOD TIME in store . . . Children from the County Home were scheduled to visit the Shrine Circus today at the Fairgrounds in Columbus.

The anxious youngsters were slated to leave about noon in time to see the afternoon performance. . . They will be accompanied by Mrs. Winfield Koch and other adult employees at the Home.

DICK PLUM, youthful president of what he likes to call "the little bank with the big heart" (the Third), reports gleefully that "Grandma's funeral will be held Monday as usual" . . .

"Grandma's funeral" is a time-honored excuse used by baseball fans to attend a special game. . . and Monday marks the opener for the Cincinnati Redlegs. . .

Plum hasn't missed an opener for many a moon. . . He says he will take three "palbearers" with him — Bill Radcliff, Bob Call and Dud Carpenter.

New Auditor's Payroll 10 Pct. below Rhodes'

COLUMBUS, Ohio (AP)—Roger W. Tracy, state auditor, said today his office is operating with 10.4 per cent fewer employees than when he took over his duties last Jan. 14 from James Rhodes who is now governor. Tracy said: "On Jan. 15, there were 440 persons on the auditor's payroll, and as of the close of March we had 394 full-time employees."

Solons Delay Move On Disposal Plant

A resolution calling for initial action on preparation of plans for a new Circleville sewage disposal plant was held to first reading last night by City Council.

The resolution, which would authorize a contract with an engineering firm for drawing construction plans, followed a recommendation last month by the Board of Public Utilities that a new plant be built. An alternative plan for enlarging the present plant also was studied by the utilities body.

Last night's proposed legislation was introduced and read on a motion by Councilman Charles Kirkpatrick. It was held to first reading and referred to the service committee for further study after the solons raised a question on how far the resolution would obligate the city at this time.

The service committee is expected to submit a report on its study at the next Council session.

THE OHIO Water Pollution Control Board has decreed that Circleville must further reduce the pollution load discharged into the Scioto River, noting that present facilities for treating are inadequate. Present operation here is

conducted on temporary periodic permits granted by the state board.

Ervin Leist, public utilities manager, reminded Council that re-application for continued dumpage into the Scioto should be ready for filing by April 15. He said Council's decision on future improvements will have a heavy bearing on whether a new temporary permit is granted.

Engineering estimates have indicated a new plant would cost in the neighborhood of \$950,000. Expansion of present facilities has been estimated at \$550,000.

Railroad Strike Curbs Awaited

President Expected To Name Fact-Finders

WASHINGTON (AP) — President Kennedy is expected today to sidetrack for 60 days the threat of a nationwide railroad strike by naming a blue-ribbon emergency board to try to settle the dispute over cutting out thousands of jobs.

The signals indicating an on-rushing emergency in the long wrangle between the railroads and the men who man the trains flashed red Tuesday after these swift developments:

1. A federal judge in Chicago dissolved an injunction, freeing the railroads to announce manpower reductions they have been urging for four years.

2. The rail lines then served notice they would put the new work rules designed to eliminate featherbedding—into effect Monday.

3. With the five operating unions already having warned they would call a strike if the rules were put into effect, the National (Railway) Mediation Service informed the White House that an emergency exists.

The formality allows the President to step in, declare an emergency and name a fact-find board. The board has 30 days to study the problem and make settlement recommendations, after which both sides must negotiate for another 30-day period.

The five brotherhoods—engineers, firemen, trainmen, switchmen and conductors—and management made clear they would cooperate with the government in an effort to find a way out of their maze of differences.

At the heart of the controversy: \$600 million a year in railroad costs vs. the jobs of about 65,000 of the 200,000 members of the five unions.

A spokesman for the railroads told The Associated Press that the lines planned to adopt the work rules changes they had first proposed in 1952. These, he said, are tougher than those recommended in the 1962 report of a commission named by former President Dwight D. Eisenhower.

The unions have some demands of their own—reduced work hours, a guaranteed annual wage, paid holidays and night shift differentials.

Racial Housing Ban Rejected

BERKELEY, Calif. (AP) — A proposed city ordinance that would have made racial discrimination in housing a possible criminal offense was rejected Tuesday night by the voters in this university community.

The vote was 22,720 against and 20,323 for.

The total ballots cast represented 83 per cent of Berkeley's registered voters, according to Naomi E. Hess, Berkeley city clerk.

There are 111,363 residents in Berkeley, a community across the bay from San Francisco. Of these an estimated 23,000 are Negroes.

The ordinance had been passed 5-2 by the City Council Jan. 16. It prohibited discrimination in the sale, lease, or rental of almost all housing on the basis of race, creed or color.

Rebel Warships Aim for Capital

Revolt Is Levelled Against President

Buenos Aires (AP)—Loyalist forces launched an air and ground attack on a rebel air base today and claimed they had brought about its surrender. But a rebel fleet of warships and an aircraft carrier were reported nearing Buenos Aires, carrying a threat of an attack on this capital.

Provincial police reported loyalist air force bombers and jet fighters hit the navy air base at Punta Indio, about 30 miles southeast of Buenos Aires on the Atlantic Coast. This is the base for navy Panther jets that attacked a loyalist tank battalion at Magdalena in the opening blow of the revolt against President Jose Maria Guido Tuesday. Figures released today said 12 loyalist tank soldiers were killed and another 12 wounded in that clash 60 miles southeast of Buenos Aires.

The Loyalist claim that the Punta Indio air base had surrendered could not be confirmed.

The rebel radio at Bahia Blanca, about 350 miles southwest of Buenos Aires, said the navy forces never would surrender. "We will fight to the death," the broadcast said.

The joint command of the loyalist forces in Buenos Aires reported fighting, had erupted also in Cordoba, about 400 miles northwest of Buenos Aires. It said the fighting involved more than 100 paratroopers who refused to surrender to loyalist troops. There were no other details.

The loyalist air force announced an all-out action against the navy rebels who seek to overthrow Guido because he is permitting followers of ex-dictator Juan D. Peron run in the June 23 national elections.

The rebel radio claimed that the fleet of ships led by the aircraft carrier Independencia with

Court Holds Whipping To Be Lawful

DOVER, Del. (AP)—The Delaware Supreme Court today ruled that public whipping does not violate the cruel and inhuman punishment provisions of either the state or federal constitutions.

The ruling came on an appeal of Franklin W. Cannon Jr., 20, from a sentence of 20 lashes as a probation violator.

Delaware is the only state to allow whipping of criminals. No such sentence, however, has been carried out in the state for years.

Cannon, who had a record of juvenile arrests, originally was sentenced to 20 lashes for automobile theft. Judge Stewart Lynch suspended sentence and placed him on probation. When Cannon was arrested several months later, and charged with larceny, Lynch re-imposed the whipping sentence.

The State Supreme Court, in a unanimous decision, upheld the constitutionality of the law, which has been on the books since Colonial days.

There are 24 crimes in Delaware punishable by flogging—within the discretion of the sentencing judge. The offenses range from poisoning with intent to murder to tampering with a bill in the legislature, to wife beating.

Daley Re-elected

Chicago Mayor

CHICAGO (AP) — Mayor Richard J. Daley, who would like to be known as "the first new leader" rather than as the last of the old big city bosses, has won his third consecutive four-year term. He defeated Republican Benjamin S. Adamowski 678,347 to 549,816—a margin of 137,531—in Tuesday's mayoral election.

"The image of the new political leader is entirely different from that of the old boss," he said in a recent interview. "The old bosses were only interested in what was good for themselves. The new objective of leadership is what you can do for the people."

Khrush Shuns Visit to China

Mao Gets Invitation To Come to Moscow

MOSCOW (AP)—Cautious maneuvering toward a face-to-face showdown meeting between communism's two giants shifted the ball back to Peking today.

Premier Khrushchev declined an invitation to visit Red China and instead asked Mao Tse-tung to see him in Moscow.

As an alternative Khrushchev suggested that the Chinese Communist leader first send representatives for high-level talks to clear the air over the deep Moscow-Peking rift.

There was no immediate reaction from Peking. A New China News Agency broadcast said only that the Soviet ambassador to Peking had delivered a letter from Khrushchev to Premier Chou En-lai and other Chinese party leaders.

It appeared, however, that it would be difficult for Mao to refuse at least to send a delegation to Moscow. In his invitation to Khrushchev, Mao said that if the Soviet premier could not come to Peking, he could send a delegation or the Chinese would send a delegation to Moscow.

In his reply Khrushchev declined with thanks the Chinese invitation to stop over in Peking en route to Cambodia this spring.

The letter, signed by the Soviet Communist party's Central Committee, said Khrushchev never intended to visit Cambodia. Soviet President Leonid Brezhnev is going instead, it said.

The best time for Mao's visit to Moscow, the letter suggested, would be in the spring or summer of this year, Tass reported.

If Mao cannot make the trip, the letter proposed that the substitute delegation come about May 15.

The Chinese have been pressing since last summer for an international conference of Communist chieftains for a showdown on whether world communism should follow Khrushchev's policy of peaceful coexistence with the West or Mao's hard line.

Massive Parachute Exercise Booked

COLUMBUS, Ohio (AP)—Headquarters of the 20th Army Corps here today announced that the biggest parachute jump by Army reservists ever held in Ohio will take place at Clinton County Air Force Base in Wilmington Saturday.

Time of the jump was listed at between 1 p.m. and 1:30 p.m.

Reserve paratroopers from Ohio, West Virginia, Kentucky, and Pennsylvania will participate in the jump as part of an area infiltration problem under the command of Lt. Col. Ray Glaze of Pickerington.

About 100 reservists will jump from six planes.

Rebel Warships

(Continued from Page 1)

22 jets was speeding up the River Plate toward Buenos Aires.

Rebel marines moved out of the capital Tuesday night after holding downtown Buenos Aires most of the day. They also abandoned key points taken earlier in the day at La Plata, 35 miles south of Buenos Aires. It was believed they were heading for the fleet headquarters at Mar del Plata, 400 miles southeast of Buenos Aires, and the naval base at Bahia Blanca, 350 miles to the southwest.

The air force chief, Brig. Carlos Armanini, loyal to the Guido government, said his planes would go all out against rebellious navy strongholds.

The big question mark remained the navy's high seas fleet. Guido's government claimed the fleet commander, Rear Adm. Eladio Vazquez, had radioed a pledge of loyalty and said he would lead the fleet against the rebellious marines.

The rebel radio insisted that Vazquez and the fleet were steaming for Buenos Aires to help overthrow Guido.

The navy claimed new jet victories against government tanks near Magdalena, where a tank column was bombed and shelled Tuesday.

The revolt erupted Tuesday morning in an effort to block the elections June 23 for president and Congress. The Guido government planned to let the Peronists take part, and the navy feared they would win, since about a third of Argentina's voters usually vote Peronist.

False Bomb Hearing Set

CINCINNATI (AP)—A 26-year-old businessman, Neil Cooper Sudbrack, faces a hearing April 16 on a charge of making a false bomb report.

Sudbrack surrendered to the FBI Tuesday and was freed on \$500 bond. The warrant for his arrest was issued at Knoxville, Tenn.

Ed Mason, special agent in charge of the Cincinnati FBI office, said Sudbrack dropped his bag at the Delta Airlines office in Knoxville Monday.

A Delta employee said he hoped nothing was broken and Sudbrack allegedly said, "I don't want that bomb to go off."

Mason said Sudbrack voluntarily opened his bag to show it contained no explosives before he got aboard a plane for Cincinnati.

Sudbrack was identified as vice president of the Ohio Valley State Co. in suburban Mount Healthy.

Road-Building By China Eyed

WASHINGTON (AP)—U.S. intelligence experts are concerned about extensive road building by Red China along its southern border. Some think it could be a prelude to thrusts into Thailand, Burma, or elsewhere in the Southeast Asia rice bowl.

They recall that the Communist Chinese undertook considerable road construction and establishment of advance supply dump before attacking India's northern frontier last fall.

Red China was described as working feverishly to develop a series of military bases and a vast network of roads and railways radiating from her Yunnan Province.

This South China province borders directly on Burma, North Viet Nam and Laos, and comes within a few miles of Thailand.

Sonic Booms Possible During Next Few Nights

PERU, Ind. (AP)—One flight daily of B58 bombers, tonight through Friday, may cause super-sonic booms in the corridor from Cleveland to Farmington, Mo., Bunker Hill Air Force Base has announced.

The flights will be from 9:10 p.m. to 9:40 p.m. EST. The estimated time over Cincinnati is at 9:24 and over Cleveland at 9:36.

The flights will be from north to south at twice the speed of sound and at altitudes above 35,000 feet.

COLUMBUS, Ohio (AP)—Hogs, (85 central and western Ohio markets reporting to the Ohio Dept. of Agr.)—Steady to 10 lower. Ungraded butcher hogs 160-190 lbs. 12.25-13.50; over 300 lbs. 11.00-11.50.

Veal calves—Steady; choice and prime 31.00-36.50.

Sheep and lambs—Selling at auction.

'Simple' Plan Is Found To Avoid Strikes

WASHINGTON (AP)—The newest method of avoiding strikes is disarmingly simple: Get an early start exploring how labor disputes can be peacefully solved.

The system, which has worked briefly but well so far in the steel industry and which apparently is about to be adopted in the auto industry, depends of course on an affirmative intent to reach agreement mindful of the problems on each side.

Secretary of Labor W. Willard Wirtz cites recent examples of efforts to settle labor troubles calmly ahead of the pressures of strike deadlines.

The idea is for labor and management to set aside a period ahead of formal bargaining to study with care and deliberation the problems of each side, those of management as well as labor. It is felt that greater understanding will help avoid breakdowns later on.

In steel a joint industry-union group known as the human relations committee was established after the record 116-day strike in 1959. Its exploratory work helped achieve a peaceful contract settlement in 1961 and the committee is again at work ahead of scheduled wage negotiations this summer.

In the auto industry, union chief Walter Reuther's recent proposal that each major producer establish a similar joint study group with the Auto Workers Union has been accepted by General Motors, Ford and American Motors. The study groups would get started this summer, a year ahead of 1964 contract negotiations.

Labor Secretary Wirtz cited these examples in an address Monday at Baton Rouge, La., to the annual convention of the Louisiana AFL-CIO federation as promising steps toward a more sensible approach to bargaining.

Wirtz went on to say that it no longer makes sense to put off until the last 30 or 60 days before a labor contract expires discussion of the wide variety of complicated problems now facing labor and management, especially manpower needs in the face of technological change.

Stock Market Up Sharply

NEW YORK (AP)—Gains by steels and motors accompanied a smart stock market rebound early this afternoon. Trading was active.

Wall Street, having slept on the news of price-fixing indictments of seven steel companies, shrugged off the situation.

Gains of fractions to a point or more among key stocks were scattered through the list. Some fairly solid gains were posted by tobacco, chemicals, oils, building materials, and electrical equipment, but buying was selective.

First-hour volume was 1.14 million shares and, for the first two hours, turnover was 2.07 million shares.

The Associated Press average of 60 stocks at noon posted a sharp gain of 1.0 at 269.3 with industrials up 2.1, rails up .2, and utilities up .2.

Mother Sentenced For Killing Tot

CLEVELAND (AP)—Mrs. Mary Edwards, 20, was sentenced to one to 20 years in Ohio Women's Reformatory today for killing her 3-month-old daughter, Patricia, in a fit of anger.

Mrs. Edwards, who pleaded guilty to first-degree manslaughter March 14, was sentenced by Common Pleas Judge Thomas J. Parrino.

The child was pronounced dead on arrival at Lakeside Hospital Dec. 3. Both her arms and legs and several ribs were fractured.

Detectives said the woman told them she was rubbing oil on Patricia when the child began making noise. She became angry and twisted the child's arms and legs, she said.

The part on the right that looks like a clean miss is extra width for a terminal. The tunnel itself coming in from the left just hasn't been dug all the way.

Cuban Attack Issue Closed

U.S. Given Apology By Castro Regime

WASHINGTON (AP)—The incident of the Cuban MIG attack on the U.S. freighter Floridian was officially stamped closed today following an apology from the Castro regime.

The Castro apology for the March 28 attack on the Floridian, coupled with a promise to avoid such incidents in the future, arrived at the State Department late Tuesday in a note presented by Czech Ambassador Miloslav Ruzek. The Czechs handle Cuban interests here in the absence of U.S.-Cuban diplomatic ties.

Press officer Joseph W. Reap quickly pronounced the Havana answer satisfactory to the United States and said, "We consider this particular incident closed."

Ruzek said the Castro regime had also asked the United States to take due account of the "seriousness of the situation" by clamping down on hit-and-run raids on Cuba.

Reap declined direct comment on this, but noted the Kennedy administration's Saturday announcement of tighter measures against freelance forays on Cuba.

In the Bahamas 16 Cuban crew members of a raiding ship apprehended by British officials over the weekend were jailed pending an investigation. The 17th, American Jerry Buchanan of Miami, pleaded guilty to a charge of illegal entry, posted a \$70 bond and won adjournment of his case on condition he leave the Bahamas by Friday.

U.S. Rejects Soviet Claims

WASHINGTON (AP)—The United States flatly rejected today Soviet charges that this country was responsible for two Cuban refugee raids on Soviet ships in the area of Cuba.

In a note delivered in Moscow, the United States also sharply reminded the Soviet government of its "opposition to Soviet military involvement in Cuba."

By its rejection, the United States also turned down, in effect, a Soviet demand, in notes late last month, that it pay damages arising out of the two incidents.

Asserting that the United States "is in no way associated with such attacks," and is in fact "strongly opposed" to them the U.S. note told the Soviets:

"The U.S. government is taking every step necessary to insure that such attacks are not launched manned or equipped from U.S. territory."

Hillsboro Project OK'd

WASHINGTON (AP)—The Senate and House Public Works committees have authorized \$457,000 for construction of a new post office building in Hillsboro, Ohio.

Kindergarten Registration Scheduled for City Schools

Fritz Jacobs, city superintendent of schools, announced today that kindergarten registration for the 1963-64 session will be held next Wednesday.

All eligible kindergarten pupils must be five years of age before Sept. 1, Jacobs said. Parents or guardians must present a birth certificate for the child when registering.

Pupils whose names begin with the letter "A" through "M" will register from 9 a. m. to 11:30 a. m. Those whose family names begin with "N" through "Z" will register from 1-3 p. m.

Jacobs strongly urged parents of children who will be eligible for 1963-64 kindergarten classes to register next Wednesday.

CHILDREN currently attending kindergarten classes will not attend school on registration day, Jacobs pointed out.

Individual schools will handle registration as follows:

Walnut Street Elementary — for all pupils who live on, and south of Mill Street;

Franklin Street Elementary — all pupils who live north of Mill

Street including High Street and the Bloomdale Addition;

Atwater Elementary — all pupils living north of High Street;

Nicholas drive Elementary — all pupils living on Pontious Lane and east including Nicholas Drive Garden City, Ridgewood Subdivision and Knollwood Village;

ELIGIBLE Wayne Twp. kindergarten students should enroll at Walnut Elementary School.

Superintendent Jacobs added that questions concerning kindergarten registration should be directed to the individual school of attendance.

Perjury Trial Opens Today in County Court

Two men faced charges of perjury today in Pickaway County Common Pleas Court.

Everett Grabill, Route 1, Orient, and his brother, Raymond Grabill, Route 3, Mt. Sterling, were indicted by the grand jury for perjury in a probate court case involving the guardianship of their father, James S. Grabill.

The September 1962 grand jury indicted the Grabill brothers for alleged false testimony in Probate Court denying that \$6,250 was withdrawn from their father's savings account.

J. W. Adkins Jr., a local attorney, is representing the defendants who waived trial by jury. Judge William Ammer is hearing the case. Prosecuting Attorney Robert Huffer is representing the state.

The Grabills also are accused of giving false testimony that \$5,174.80 deposited in their own bank accounts on the same day, was money received from the sale of cattle.

New Satellite Zips into Orbit

CAPE CANAVERAL, Fla. (AP)—The Explorer 17 satellite zipped around the globe today and within two days its sensitive instruments were expected to collect more information about the earth's atmosphere than all the knowledge gained through the centuries.

The 410-pound ball of instruments vaulted skyward Tuesday night atop a three-stage Delta rocket and settled into an egg-shaped orbit ranging from 150 to 570 miles high. The launching success was the 16th straight for the reliable Delta.

The National Aeronautics and Space Administration reported good quality signals were being received from the flying laboratory as it circled the world every 96 minutes.

A number of ground stations were equipped to monitor the satellite. Officials said the vehicle would be commanded to send five-minute bursts of information at carefully selected times during the anticipated 60-to 90-day useful lifetime. They planned to activate the sphere 10 to 20 times a day to obtain maximum knowledge of the atmosphere under varying conditions and at different altitudes.

Eight measuring instruments encased in the satellite's stainless steel shell were to record the amount of helium, oxygen and nitrogen gases, neutral particles and electron and ion temperatures and densities. Comparison of the data would help scientists construct a fairly complete chart of the density, composition, temperatures and pressures of the atmosphere at a time when solar activity has a minimum influence.

Nelson Spencer, project manager, said the space agency hopes to launch similar satellites later under different atmospheric conditions for comparison with what is learned by Explorer 17.

Officials reported that scientists for centuries puzzled over the makeup of the atmosphere and only in recent years—when rockets allowed them to make direct high-altitude measurements—have they obtained some concrete answers.

Mr. and Mrs. Jack Hartley, Ashville, are the parents of twin daughters, born yesterday in Mt. Carmel Hospital, Columbus.

Maritime Fleet Dwindling

Maritime shipping is one of the world's most important industries, literally providing a lifeline between the most remote outposts and industrial and commercial centers. The United States is the largest importer and exporter in terms of volume but its once proud maritime fleet is receding into the depths of stagnation.

The number of ships credited to the American merchant fleet, including ships under general agency agreement, is exceeded only by the combined fleet of the British Commonwealth. In head count the U.S. can still claim maritime leadership. But the number of ships is not the whole story.

A table of average ship age would show the U. S. maritime fleet to be among the oldest and, consequently, least efficient in the world. Many maritime leaders now expanding the fastest (West Germany and Japan, for example) have built almost entire new fleets since World War II. The rate of growth in other countries is still upward, while that of the U. S. is descending.

Analysis of new ship construction raises additional danger signals to the future of American merchantmen. While new ship construction last year dropped 12.6 per cent worldwide, U.S. tonnage on order or under construction fell 24 per cent. At the beginning of this year, the U.S.

had a backlog of 54 new ships in its shipyards, a decline of nine vessels from the beginning of 1962. Japan had 167 merchant ships under construction on Jan. 1, with tonnage five times that of the American backlog. Britain, West Germany and Sweden are other countries with much greater new ship activity than the United States.

In fact, this year new ships leaving American shipyards will account for only 4 per cent of additions to world maritime fleets. This meager addition will not be sufficient to compensate for annual obsolescence in a fleet already ancient by competitive standards, let alone provide any measure of growth.

Merchant fleets no longer are mere reflections of naval strength. They are the primary means of carrying on what is becoming an increasingly strenuous commercial trade between continents, and the major trader which has to depend upon hiring another's fleet for the movement of its cargo is adding to its cost of doing business.

Many economies are needed to keep the United States in healthy competition with the emerging new Europe and rising industries in Japan and other ocean-bound trading centers, and scuttling the ocean fleet needed to service this important economic area is progress in reverse.

Watch Argentina

Argentina may not have all the problems besetting other Latin American countries — its literacy rate is higher than many of its neighbors, and so is its industrial potential — but it seems to have more than its share of political turmoil.

Now Peronism is threatening a resurgence, as it does periodically. Though Juan Peron is in exile in Spain, he still has a popular following in Argentina. Given the chance, his supporters would happily follow him again down the road to bankruptcy.

At any rate, Peronist followers are at-

tempting a comeback in June elections. This disturbs the military clique, which deposed Peron. Presumably it will act again to throw out the Peronists, if necessary. It did this last year, forcing nullification of Peronist gains in voting then.

President Jose Guido, who succeeded Arturo Frondizi after the military forced the latter out because he was willing to try to live with the Peronists, favors Peronist participation in the upcoming election campaigns.

One wonders how long he will remain in office.

Conservatism Comes of Age

By John Chamberlain

The dean of conservative news commentary got his wreath of roses last week when 500 friends packed the Presidential Ballroom of the Statler - Hilton Hotel in Washington to do homage to Fulton Lewis, Jr., on the occasion of his twenty-fifth anniversary as a radio broadcaster. It was a gala affair, but its true significance depended on the long memories which only the oldest members of the audience could supply.

Twenty-five years ago, when Mr. Lewis first stepped to the mike to give a conservative interpretation of the news, you couldn't have found five people, let alone 500, to do honor to any spokesman for right-wing causes. The depression had rolled over the land, and virtually all the commentators, whether radio or newspaper, were Rooseveltians. Here and there a lone battler for righteousness as la the Founding Fathers' notion of the Constitution could be found in conspicuous places — A David Lawrence, a George Sokolsky, a Boake Carter. But you could certainly count them on one hand.

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

What is the difference between a congenital and a hereditary disease?

H. Y. J., California
Dear Mr. J.: A congenital illness or malformation is one that is noted at birth and was acquired during the pregnancy period.

A hereditary condition is one that is inherited by the offspring through the chromosomes of the parents.

There are some conditions which are both congenital and hereditary.

What is a "cauliflower ear?"

L. L. W. Va.
Dear Mr. L.: A "cauliflower ear" is the name given for a thickening and distortion of the outer ear due to injury. This explains why it is most often seen in boxers and wrestlers.

It is caused by a hemorrhage which, when treated early medically and surgically, can heal without leaving this disfiguring feature.

Our family pharmacist refused to take a cinder out of my eye. Aren't pharmacists expected to do this?

Mrs. S. W. C., Florida
Dear Mrs. C.: Your pharmacist used good judgment in sending you to a doctor; he is to be commended. He knows that many foreign bodies in the eye require the skill of a physician.

Frequently a tiny particle is embedded in the delicate portion of the eye. Without the proper instruments and light there is a danger of doing damage to the eye.

Is there any special way of putting drops in the nose?

C. V. L., Wisconsin
Dear Mr. L.: Everyone has his pet technique for putting drops in

the nose. It varies from lying on the side to virtually standing on the head.

In most instances, the easiest way is the best way. By tilting the head backwards, the drops can be instilled efficiently without complex gymnastics!

What medicine can I use to keep my child from biting her nails?

I have tried bitter aloes, but it did not help.

Mrs. S. O. F., Tennessee
Dear Mrs. F.: The most important thing you can do for your child is to recognize that nail-biting is a symptom of inner tension.

Understanding and a diligent effort to find the cause of the anxiety will be helpful and rewarding.

Bad-tasting medicines applied to the nails may only shift the nail-biting habit to another symptom of tension that will be more difficult to control.

What is the difference between temperature and fever?

W. P., New Jersey
Dear Mr. P.: Everyone has temperature. It is only when the body temperature rises above 98.6 that one has fever.

The Business World

By Sam Dawson

NEW YORK (AP)—Many a follower of the stock market these days is labeling it as acting funny. And many a broker and professional is wondering aloud where the once loyal followers are.

The public's reluctance to do much trading has worried Wall Streeters almost as much as what today's report by the Securities and Exchange Commission on stock trading might do to them and their ways of doing business.

Some in the street trace both the SEC inquiry and the public's hesitancy to the same string of events—exchange scandals a year ago, flight to Brazil of some stock operators, and finally the sharp break in stock prices in May and June.

The fright of the small investor was understandable. But in recent months exchange rules have been tightened, the SEC probe has given many operators pause, and stock prices themselves have staged an impressive comeback.

Most close observers of the market say the rebound involved the big traders rather than the small investors. Judging by odd-lot transactions—the buying and selling of stocks in less than 100-share blocks—the public has been selling more than it has been buying.

Institutional buyers and professional traders have been in evidence whenever the market takes an upward spurt. There are signs that the small investor has taken advantage of any rise in price to sell his stock rather than to buy new shares.

All the talk about an imminent recession, fashionable in some circles last summer, didn't make the public anxious to jump back in the market. And all the emphasis since then on the slowness of the growth in the economy has added to the uncertainty.

Business, however, has continued good. Corporate profits climbed notably in the final months of 1962. Early reports on

the first quarter of 1963, just ended, indicate advance has continued.

Dividends have reached a record. A further advance is expected.

So why is the market acting funny? The public calls it confusing because prices don't take a strong course—preferably upward. And why is the public holding aloof? The professionals think it is because of the general uncertainty, because the public's supposed habit of missing the turn in the market, because of nagging doubts about rigging and sharp shooting.

Some think the SEC report will clear the air. After the market shakes down to the new rules and suggestions, confidence may be restored.

Just as likely, that unpredictable thing, the public, may get interested in stocks again when it sights what it considers a sure chance of making money, and fairly fast.

Great Novel Interrupted Again

By Hal Boyle

NEW YORK (AP) — The sad news for the literary world today is that there has been another delay in the creation of the great American novel.

The fact is—I've been interrupted again.

Some 50 years or so ago this nation came up against two dire lacks.

"What this country needs is a good five-cent cigar," said an all-but-forgotten U.S. vice president.

"What America needs is a great American novel to give it world cultural status," said many intellectuals of that distant time.

Well, any young fellow in his right mind knew it was an economic impossibility ever to make a good five-cent cigar.

So the eager beavers of half a century ago assailed the next possibility — the writing of the great American novel.

Actually I didn't set out to achieve this goal until about 40 years ago, but I have been hot on the trail ever since.

My difficulty has been finding a place to write. I feel that to write the great American novel you need a room of your own.

Early in my married life I confessed to my wife that my great aim in life was to write the great

You're Telling Me!

Marietta Sweeney

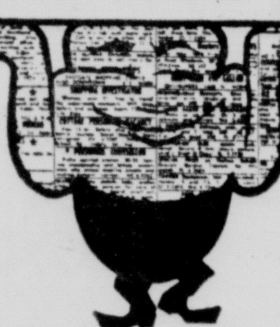

Education Tagged Top Need in U.S.

DAYTON, Ohio (AP) — The chairman of the U. S. Atomic Energy Commission said here the only way the United States can be assured it will continue to prevail in "continuing crises" is through education of the individual and full exploration of nature's potential.

Speaking to participants in a National Security Seminar, Dr. Glenn T. Seaborg said the educated individual is "our first human resource" and the most valuable end products of an education and the field of science are the results of "basic research."

He defined basic research as that which is motivated by intellectual curiosity, rather than utilitarian goals.

Clark Countian

Heads Parole Panel

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes has appointed J. Arthur Shuman, long-time sheriff of Clark County, to the Pardon and Parole Commission for a term ending April 15, 1969.

Shuman succeeds John Pruska, whose term expired Monday. He plans to resign as sheriff, a job he has held for more than 18 years.

The Pardon and Parole Commission job pays \$12,000 a year.

Clark County's Republican Central Committee, acting under a state law revised in 1959, will name a successor to Shuman. Previously, such vacancies were filled by the county commission.

By John Chamberlain

The dean of conservative news commentary got his wreath of roses last week when 500 friends packed the Presidential Ballroom of the Statler — Hilton Hotel in Washington to do homage to Fulton Lewis, Jr., on the occasion of his twenty-fifth anniversary as a radio broadcaster. It was a gala affair, but its true significance depended on the long memories which only the oldest members of the audience could supply.

Twenty-five years ago, when Mr. Lewis first stepped to the mike to give a conservative interpretation of the news, you couldn't have found five people, let alone 500, to do honor to any spokesman for right-wing causes. The depression had rolled over the land, and virtually all the commentators, whether radio or newspaper, were Rooseveltians. Here and there a lone battler for righteousness like the Founding Fathers' notion of the Constitution could be found in conspicuous places — A. David Lawrence, a George Sokolsky, a Boake Carter. But you could certainly count them on one hand.

Los Angeles - New York

Republican had barely started to come back: a young fellow named Robert Taft was making his first splash, and Harold Stassen, then a young businessman's dream of a political was looming, temporarily as it turned out, on the horizon in Minnesota. But when Fulton Lewis, as the Mutual Broadcasting System's new commentator, began his career in 1938 he must have felt he was peddling a void. In addition to the ordeal of trying to create an audience for conservatism, a stupendous task, he had one other terrifying thing going against him: his seven o'clock in the evening hour was the time when everybody — well, almost everybody — listened to Amos and Andy.

In his battle to make the American people aware of the destructive dynamic of Communism, Mr. Lewis had, during those first years, the strangest of allies. Virtually the only vocal opponents of Stalin, in the days of the Popular Frontism of the Thirties, were a little group of right-wing socialists on the staff of the New York weekly, the New Leader Alf Levittas, Sidney Hook and a few others of the New Leader crowd kept saying that Stalin was a monster, but who was listening? As for the proponents of free enterprise, where were they in 1938? They were still silently licking their wounds after the great Landon fiasco of 1936.

Trying to recall the atmosphere of twenty-five years ago, I think of certain dead people who would have felt themselves honored if they had lived to see Fulton Lewis honored. For instance, there was Benjamin Stolberg, one of the wittiest writers of the time. Ben never became famous in his own right, but everybody presumed on his incredible knowledge of public affairs. As one who talked out the books which he never got around to write, Ben Stolberg fed

every important right-wing commentator and columnist with challenging points for a decade.

The years passed, and the tricks started by the New Leader anti-Communists and such "underground" champions of freedom as Ben Stolberg began to broaden into bigger streams. Frank Hanighen and Felix Morley started a conservative news letter back in 1945 called "Human Events", hoping for a top audience of five thousand, including many key people in Congress and in editorial offices who pass on its influence in geometric progression.

The young started to become interested in traditional American individualism around 1950. It was the decade of the Fifties that saw the emergence of such publications as William Buckley's National Review. And a new student organization came into being, the Inter-Collegiate Society of Individualists, sparked by Frank Chodorov. This group was a reviving conservatism's answer to the old socialist intercollegiate organization, the League for Industrial Democracy, which had been created by Jack London.

Fulton Lewis persisted through the lean years, helping the lonely spokesman for individualism on little magazines and in exposed outposts and being helped by them in turn. It was a symbiotic relationship in which the current flowed strongly in two directions. And last week, when a big group turned out to honor Mr. Lewis as a pioneer of contemporary conservative commentary, it was a sign that the "loyal opposition" to New Dealism, Fair Dealism and the New Frontier had truly come of age.

Human blood has the same ratio of dissolved salts as ocean water, though in lower concentration.

Try and Stop Me

By BENNETT CERF

A FOREIGN ROADSTER rounded a corner on two wheels, knocked down a policeman and four pedestrians, and finally wrapped itself around a telephone pole. A sweet young thing climbed out of the wreckage. "Yip-pee," she cried. "That's what I call a kiss!"

From "Doe" Mack in Atlanta comes the story of two cub scouts whose younger brother fell into a lake. The two scouts rushed home with tears streaming down their countenances. "We tried to give him artificial respiration," sobbed one to their mother, "but he kept getting up and walking away."

Paper Tycoon Sam Himmell suffered a loss in his staff last week: a girl in his accounting department quit to marry a rich Wall Streeter. "I honestly didn't want to marry him for his money," she confided to Mr. H., "but there just wasn't any other way to get it."

A Minneapolis 5-year-old smelled a pancake breakfast being readied in the kitchen. "Mom," he called out happily, "my stomach is smacking its lips!"

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

What is the difference between a congenital and a hereditary disease?

H. Y. J., California
Dear Mr. J.: A congenital illness or malformation is one that is noted at birth and was acquired during the pregnancy period.

A hereditary condition is one that is inherited by the offspring through the chromosomes of the parents.

There are some conditions which are both congenital and hereditary.

What is a "cauliflower ear?"

L. L. W., Va.
Dear Mr. L.: A "cauliflower ear" is the name given for a thickening and distortion of the outer ear due to injury. This explains why it is most often seen in boxers and wrestlers.

It is caused by a hemorrhage which, when treated early medically and surgically, can heal without leaving this disfiguring feature.

Our family pharmacist refused to take a cinder out of my eye. Aren't pharmacists expected to do this?

Mrs. S. W. C., Florida
Dear Mrs. C.: Your pharmacist used good judgment in sending you to a doctor; he is to be commended. He knows that many foreign bodies in the eye require the skill of a physician.

Frequently a tiny particle is embedded in the delicate portion of the eye. Without the proper instruments and light there is a danger of doing damage to the eye.

Is there any special way of putting drops in the nose?

C. V. L., Wisconsin
Dear Mr. L.: Everyone has his pet technique for putting drops in

the nose. It varies from lying on the side to virtually standing on the head.

In most instances, the easiest way is the best way. By tilting the head backwards, the drops can be installed efficiently without complex gymnastics!

What medicine can I use to keep my child from biting her nails? I have tried bitter aloes, but it did not help.

Mrs. S. O. F., Tennessee
Dear Mrs. F.: The most important thing you can do for your child is to recognize that nail-biting is a symptom of inner tension. Understanding and a diligent effort to find the cause of the anxiety will be helpful and rewarding.

Bad-tasting medicines applied to the nails may only shift the nail-biting habit to another symptom of tension that will be more difficult to control.

What is the difference between temperature and fever?

W. P., New Jersey
Dear Mr. P.: Everyone has temperature. It is only when the body temperature rises above 98.6 that one has fever.

S. COURT STREET

CIRCLEVILLE, OHIO

The Business World

By Sam Dawson

NEW YORK (AP)—Many a follower of the stock market these days is labeling it as acting funny. And many a broker and professional is wondering aloud where the once loyal followers are.

The public's reluctance to do much trading has worried Wall Streeters almost as much as what today's report by the Securities and Exchange Commission on stock trading might do to them and their ways of doing business.

Some in the street trace both the SEC inquiry and the public's hesitancy to the same string of events—exchange scandals a year ago, flight to Brazil of some stock operators, and finally the sharp break in stock prices in May and June.

The fright of the small investor was understandable. But in recent months exchange rules have been tightened, the SEC probe has given many operators pause, and stock prices themselves have staged an impressive comeback.

Most close observers of the market say the rebound involved the big traders rather than the small investors. Judging by odd-lot transactions—the buying and selling of stocks in less than 100-share blocks—the public has been selling more than it has been buying.

Institutional buyers and professional traders have been in evidence whenever the market takes an upward spurt. There are signs that the small investor has taken advantage of any rise in price to sell his stock rather than to buy new shares.

All the talk about an imminent recession, fashionable in some circles last summer, didn't make the public anxious to jump back in the market. And all the emphasis since then on the slowness of the growth in the economy has added to the uncertainty.

Business, however, has continued good. Corporate profits climbed notably in the final months of 1962. Early reports on

the first quarter of 1963, just ended, indicate advance has continued.

Dividends have reached a record. A further advance is expected.

So why is the market acting funny? The public calls it confusing because prices don't take a strong course—preferably upward. And why is the public holding aloof? The professionals think it is because of the general uncertainty, because the public's supposed habit of missing the turn in the market, because of nagging doubts about rigging and sharp shooting.

Some think the SEC report will clear the air. After the market shakes down to the new rules and suggestions, confidence may be restored.

Just as likely, that unpredictable thing, the public, may get interested in stocks again when it sights what it considers a sure chance of making money, and fairly fast.

Great Novel Interrupted Again

By Hal Boyle

NEW YORK (AP) — The sad news for the literary world today is that there has been another delay in the creation of the great American novel.

The fact is—I've been interrupted again.

Some 50 years or so ago this nation came up against two dire lacks.

"What this country needs is a good five-cent cigar," said an all-but-forgotten U.S. vice president.

"What America needs is a great American novel to give it world cultural status," said many intellectuals of that distant time.

Well, any young fellow in his right mind knew it was an economic impossibility ever to make a good five-cent cigar.

So the eager beavers of half a century ago assailed the next possibility — the writing of the great American novel.

Actually I didn't set out to achieve this goal until about 40 years ago, but I have been hot on the trail ever since.

My difficulty has been finding a place to write. I feel that to write the great American novel you need a room of your own.

Early in my married life I confessed to my wife that my great aim in life was to write the great

You're Telling Me!

By WILLIAM RITT
Central Press Writer

There is no such word as "weather" in the Hawaiian's native language—Factographs. A clear case of their loss being really their gain!

"AN winged creatures rejoice, now that spring is here," writes a poet. And that, no doubt, includes the moths who've been starving all winter for that overcoat of ours.

Stereophonic music can soothe the pain of tooth drilling, a convention of the International Association for Dental Research is told. Now a trip to the dentist may mean facing the music—but not in the old sense!

When a 200-cart freight train stalled and blocked three streets in a Virginia town the engineer was given a traffic ticket. What a way to NOT run a railroad?

Up to World War II, the highest price paid for a piece of antique furniture was \$44,000 for a Chippendale highboy, we read. High, is right!

The city of Rome, Italy, plans to establish a "Baby Zoo" featuring only infant animals. On reading this, Milt, the sterling printer, wonders out loud if they'll confine the little critters to playpens instead of cages.

Zadok Dumkopf wonders why scientists have never thought of crossing the dandelion with the Mexican jumping bean and thereby inventing the self-weeding front lawn!

Americans consume 58 million sandwiches daily — Factographs. Gulp!

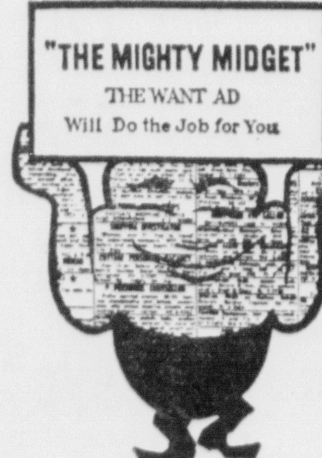

On graduation from the Boston safety department's Canine Corps school, eight police dogs have been awarded suitably-inscribed diplomas. Bet they would have gladly settled for juicy hambones, instead.

Education Tagged Top Need in U.S.

DAYTON, Ohio (AP) — The chairman of the U. S. Atomic Energy Commission said here the only way the United States can be assured it will continue to prevail in "continuing crises" is through education of the individual and full exploration of nature's potential.

Speaking to participants in a National Security Seminar, Dr. Glenn T. Seaborg said the educated individual is "our first human resource" and the most valuable end products of an education and the field of science are the results of "basic research."

He defined basic research as that which is motivated by intellectual curiosity, rather than utilitarian goals.

Billy Hixenbaugh Observes Birthday

Billy Brown Hixenbaugh, son of Mr. and Mrs. Ed Hixenbaugh, rear of 100 Highland Ave. observed his 10th birthday yesterday. Guests at a party were Billy Alfred and Sandra Stevens; Mike, Gerald and Berdian Connor, Vickie Kay Shaffer and Gloria Jean Brown.

Amateur Hour Slated For OES Meet Tuesday

An amateur hour presented by the officers will highlight the meeting of Circleville Chapter No. 90, OES, 8 p. m. Tuesday in the Masonic Temple.

16-Year-Old Named Typical Teenage Girl

Vivacious 16-year-old Miss Diana Wise was selected "Miss Thermo Jac" of The Deb Shop representing the typical American teenage girl in a contest held Saturday.

Miss Wise was selected from more than 70 entrants in the contest by identification photos, modeling popular outfits and by interviews with a representative of Thermo-Jac.

The winner will receive a complete outfit of her choice from the company, become a member of the teen board, and appear in one of the The Deb Shop's upcoming Fashion shows.

Miss Wise is a junior at Circleville High School. She is the daughter of Mr. and Mrs. Mac Wise, 401 Ruth Ave.

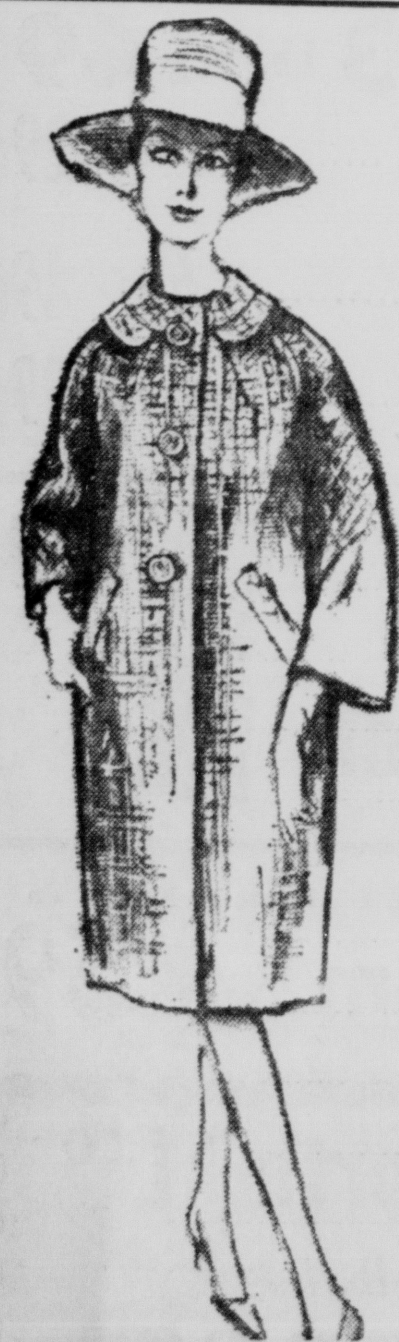

Runners-up were Miss Betsy Ruth, a freshman at Chillicothe High School, daughter of Mr. and Mrs. George Ruth; and Miss Lynn Hughes, daughter of Mr. and Mrs. Mac Hughes, 122 W. Union St. She is a freshman at Circleville High School.

Program, Tea Slated For Mothers' Club

The Capital University Mothers' will meet 1 p. m. Friday in Troutman Hall on campus. All mothers of Capital University students are invited.

Mrs. William Miller, program director of Hilltop YMCA, will be guest speaker with the topic, "Within the Whirlwind."

A tea will follow the program.

Mrs. Hosler Conducts WSCS Program

Mrs. Ernest Sheets extended the hospitality of her home when members of the Five Points Methodist WSCS met Wednesday evening.

Mrs. Paul Upperman, vice president, opened the meeting with devotions by Mrs. Francis Furniss. Roll call was answered by eighteen members naming their favorite flower. Mrs. Joe McCafferty of Columbus, Mrs. Harry J. Smith, Mrs. Elbee Jones, Mrs. Donald Smith and Mrs. Bruce Cochran were guests.

Mrs. Arthur Winfough secretary, reported and Mrs. Francis Furniss treasurer read her report and gave an itemized report of the ham and chicken supper held Saturday evening.

Plans were made for the Easter breakfast to be held in the church basement Easter morning following sunrise services. The group voted to serve the stock sale dinner at Circleville with dates to be announced later.

Mrs. Russell Hosler had charge of the program entitled, "The World Council of Churches at New Delhi." Mrs. Festus Hill and Mrs. Ray Harden assisted. The meeting closed with a poem by Mrs. Hosler and the closing prayer by Mrs. Furniss.

Refreshments were served by Mrs. Sheets assisted by Mrs. Turner Sheets and Mrs. Herman Porter.

The April meeting will be held in the church basement 8 p. m. April 24.

Auction Held At Guild Meet

Mrs. Howard Smith, 999 Lynwood Ave., entertained 15 members of Berger Hospital Guild No. 28, yesterday afternoon.

A highlight of the meeting was an auction that proved successful. Mr. L. E. Foreman served as auctioneer.

Mrs. Hal Dickinson, chairman, gave several reports and made plans for a luncheon to be held in May at the Pickaway Country Club. Mrs. Orren J. Stout, secretary, and Mrs. Smith, treasurer, reported. Mrs. Ned Harden was welcomed.

A social hour was held at the conclusion of the meeting.

Deercreek GC To Meet

Mrs. Emmett Gibson, Route 2, will be hostess to members of Deercreek Garden Club, 8 p. m. Friday.

Chop chutney fine and add it to deviled ham for tea-time sandwiches.

Dear Abby: Think Twice, Lady!

by Abigail Van Buren

DEAR ABBY: I am single. I met a single man—a sergeant in the Air Force. We are both 39. He retires next year. He's asked me to marry him. I'm sure we love each other but I am in doubt about a few things. He never has any money. A topkick's pay (after deductions) is about \$375 a month. He lives in the barracks and gets

his meals at the mess hall or the NCO Club. He has no dependents and his clothes aren't expensive. Yet when we go out I have to lend him \$10 or \$20 until his next payday. He hasn't saved anything. I wonder what he does with his money?

CURIOUS

DEAR CURIOUS: Don't marry the top kick until he gives you an accounting of where his money goes or you'll wind up kicking yourself later.

DEAR ABBY: You are so right in saying that mixing school books with babies and milk bottles is for the birds. I am connected with a college, and we have housing for married students with children, but most of them can't afford it. They live in shacks and trailers instead. I feel so sorry for these young wives married to students. Many struggle with small children while husband studies Aristotle and the Second Carthaginian War. And after he completes his education, he informs his wife that he has "outgrown" her intellectually, and then divorces her for someone more suited to his educated self.

Sincerely,

BITTER

DEAR ABBY: We grew up in a strict Catholic home and never had meat on Fridays. We are all married now and have our own homes. All of us observe the dietary laws except my youngest sister. When she has our parents to her home on Friday nights she serves her own family meat and fixes fish for the folks. They have never said anything about it but I know how it must hurt them. I asked my sister not to do this and she became very angry and told me to mind my own business. Why does she take this attitude?

HURT BROTHER

DEAR BROTHER: Your sister is declaring her independence high, wide and handsome. It is HER way of showing her parents that she is no longer under their domination. She is being disrespectful, small, and childish.

Stop worrying. Write to Abby. For a personal reply enclose a self-addressed, stamped envelope to ABBY, Box 3365, Beverly Hills, Calif.

Miss Nance, Mr. Williams To Wed in June

MISS MERRILY MAE NANCE

Mr. and Mrs. Donald D. Nance, 86 Park St., Ashville, are announcing the engagement and approaching marriage of their daughter, Merrily Mae, to Mr. Glenn D. Williams, son of Mr. and Mrs. George Williams, 348 E. Franklin St.

The bride-elect is a graduate of Ashville High School and is now employed by her father in Circleville.

Mr. Williams is a graduate of Circleville High School and is employed at the local DuPont Plant. The wedding will be an event of June.

Eastern Star Announces Inspection Invitations

Circleville Chapter No. 90, Order of Eastern Star, observed obligation night recently conducted by Ralph Cloud, worthy patron.

Mrs. Garney Felkey, worthy matron, presided over the business meeting. Past matrons and past patrons present and presented were Mrs. Garnet Reichelderfer, Clarence Radcliff, Walden Reichelderfer, Miss Martha Warner and Kenneth Shepler, Mrs.

Gladys Shepler, grand representative of Nevada in Ohio, was also present.

Included on the agenda was the reading of several invitations to inspections and their dates. They are:

Bainbridge Chapter 183, April 3, 7:30 p. m., at Bainbridge; Purity Chapter 65, April 5, 8 p. m., New Holland, with dinner at 6:30 p. m. in the New Holland Methodist Church reservations are to be made with Mrs. Ann B. Thompson, Route 5, Washington C. H. by April 2; Sterling Chapter 74, April 26, 8 p. m., Mount Sterling; Hicksville Star Chapter 214, April 20, 7:30 p. m. with dinner at 5:30 p. m. in the elementary school, W. Arthur Street, reservations are to be made with Helen Volkert, 403 E. Cornelia St., Hicksville, by April 15.

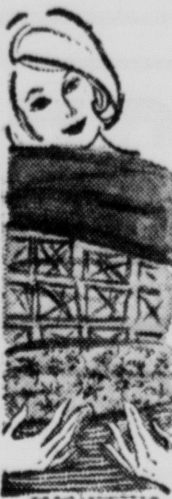

A social hour was enjoyed by those present with refreshments being served by Mrs. Dorothy Gearhardt and committee.

Your small fry will adore creamy tapioca served with a topping of maple syrup and salted peanuts.

Personals

Mr. and Mrs. Ross Mongold, Mr. and Mrs. Bill Mongold and family and Mr. and Mrs. Wilbert Ford and son Gary, all of Springfield, are vacationing in Florida. They are cousins of Mr. and Mrs. Ralph Long, Route 2.

Mr. and Mrs. Harry Aldenderfer of Ft. Lauderdale, Fla., arrived here Sunday for a visit with relatives. They were accompanied home by Mrs. Aldenderfer's father, Henry Betz of Stoutsville, who spent the winter with them.

Spring and Summer Sewing Needs at ...

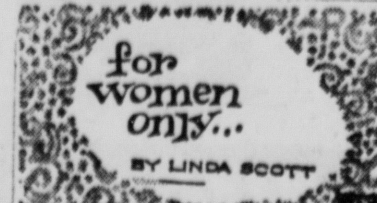

HOOVER FABRIC SHOP

134 W. Main Street

Grandparents Listed

Mr. and Mrs. William Hoffman, Route 2, are also the grandparents of Miss Frieda A. Mader, bride-elect of Mr. James Lloyd O'Donnell. Paternal grandparents are Mr. and Mrs. Henry L. Mader, Pinckney St.

The couple will be united June 15 in Cincinnati.

Ever wish your living room windows looked larger from the inside? Just extend the top, horizontal piece of the window frame about one foot in each direction; install a traverse rod and drop full length curtains down the wall on each side. Presto! Your window will look as large as its actual width plus that of the curtains.

If you are tired of searching through the closet for children's winter wraps, try this: equip several wire hangers with clothespins of the spring type and clip on gloves, mittens, scarves and caps. Use clothespins to clip together boots and rubbers too.

Contrary to a widely-held belief, it isn't the fragrance of cedar that makes a cedar chest mothproof. It is a gummy substance emitted by cedar wood that suffocates moth larva. You can detect this lethal quality of your cedar chest by placing a newspaper in the bottom of it. Since newspaper ink acts just like moth larva in causing the secretion from cedar, the wood around the newspaper should become sticky. Incidentally, cedar chests are coming back in popularity because of new styling.

Troubled with yellowing and scorching of fabrics during ironing? It may be due to hardness of your water supply, according to The Lindsay Company, manufacturer of water conditioners for home use. Detergent and dirt particles, undissolved in hard water, lodge between fibers where they cause scorching under a hot iron. Smaller loads in your automatic washer will afford temporary relief but for permanent improvement in washing and rinsing action, switch to soft water.

Mrs. Hosler Conducts WSCS Program

Mrs. Ernest Sheets extended the hospitality of her home when members of the Five Points Methodist WSCS met Wednesday evening.

Mrs. Paul Upperman, vice president, opened the meeting with devotions by Mrs. Francis Furniss. Roll call was answered by eight members naming their favorite flower. Mrs. Joe McCafferty of Columbus, Mrs. Harry J. Smith, Mrs. Elbee Jones, Mrs. Donald Smith and Mrs. Bruce Cochran were guests.

Mrs. Arthur Winfough secretary, reported and Mrs. Francis Furniss treasurer read her report and gave an itemized report of the ham and chicken supper held Saturday evening.

Plans were made for the Easter breakfast to be held in the church basement Easter morning following sunrise services. The group voted to serve the stock sale dinner at Circleville with dates to be announced later.

Mrs. Russell Hosler had charge of the program entitled, "The World Council of Churches at New Delhi." Mrs. Festus Hill and Mrs. Ray Harden assisted. The meeting closed with a poem by Mrs. Hosler and the closing prayer by Mrs. Furniss.

Refreshments were served by Mrs. Sheets assisted by Mrs. Turner Sheets and Mrs. Herman Porter.

The April meeting will be held in the church basement 8 p. m. April 24.

Auction Held At Guild Meet

Mrs. Howard Smith, 999 Lynwood Ave., entertained 15 members of Berger Hospital Guild No. 28, yesterday afternoon.

A highlight of the meeting was an auction that proved successful. Mr. L. E. Foreman served as auctioneer.

Mrs. Hal Dickinson, chairman, gave several reports and made plans for a luncheon to be held in May at the Pickaway Country Club. Mrs. Orren J. Stout, secretary, and Mrs. Smith, treasurer, reported. Mrs. Ned Harden was welcomed.

A social hour was held at the conclusion of the meeting.

Deercreek GC To Meet

Mrs. Emmett Gibson, Route 2, will be hostess to members of Deercreek Garden Club, 8 p. m. Friday.

Chop chutney fine and add it to deviled ham for teatime sandwiches.

Program, Tea Slated For Mothers' Club

The Capital University Mothers' will meet 1 p. m. Friday in Troutman Hall on campus. All mothers of Capital University students are invited.

Mrs. William Miller, program director of Hilltop YMCA, will be guest speaker with the topic, "Within the Whirlwind."

A tea will follow the program.

Dear Abby: Think Twice, Lady!

by Abigail Van Buren

DEAR ABBY: I am single. I met a single man—a sergeant in the Air Force. We are both 39. He retires next year. He's asked me to marry him. I'm sure we love each other but I am in doubt about a few things. He never has any money. A topkick's pay (after deductions) is about \$375 a month. He lives in the barracks and gets

Miss Nance, Mr. Williams To Wed in June

MISS MERRILY MAE NANCE

Mr. and Mrs. Donald D. Nance, 86 Park St., Ashville, are announcing the engagement and approaching marriage of their daughter, Merrily Mae, to Mr. Glenn D. Williams, son of Mr. and Mrs. George Williams, 346 E. Franklin St.

The bride-elect is a graduate of Ashville High School and is now employed by her father in Circleville.

Mr. Williams is a graduate of Circleville High School and is employed at the local DuPont Plant. The wedding will be an event of June.

A simple shoe rack is a curtain rod placed near bottom of closet door.

Eastern Star Announces Inspection Invitations

Circleville Chapter No. 90, Order of Eastern Star, observed obligation night recently conducted by Ralph Cloud, worthy patron. Mrs. Garney Felkey, worthy matron, presided over the business meeting. Past matrons and past patrons present and presented were Mrs. Garnet Reichelderfer, Clarence Radcliff, Walden Reichelderfer, Miss Martha Warner and Kenneth Shepler, Mrs.

Gladys Shepler, grand representative of Nevada in Ohio, was also presented.

Included on the agenda was the reading of several invitations to inspections and their dates. They are:

Bainbridge Chapter 183, April 3, 7:30 p. m., at Bainbridge; Purity Chapter 65, April 5, 8 p. m., New Holland, with dinner at 6:30 p. m. in the New Holland Methodist Church reservations are to be made with Mrs. Ann B. Thompson, Route 5, Washington C. H. by April 2; Sterling Chapter 74, April 26, 8 p. m., Mount Sterling; Hicksville Star Chapter 214, April 20, 7:30 p. m. with dinner at 5:30 p. m. in the elementary school, W. Arthur Street, reservations are to be made with Helen Volkert, 403 E. Cornelia St., Hicksville, by April 15.

A social hour was enjoyed by those present with refreshments being served by Mrs. Dorothy Gearhardt and committee.

Your small fry will adore creamy tapioca served with a topping of maple syrup and salted peanuts.

Personals

Mr. and Mrs. Ross Mongold, Mr. and Mrs. Bill Mongold and family and Mr. and Mrs. Wilbert Ford and son Gary, all of Springfield, are vacationing in Florida. They are cousins of Mr. and Mrs. Ralph Long, Route 2.

Mr. and Mrs. Harry Aldenderfer of Ft. Lauderdale, Fla., arrived here Sunday for a visit with relatives. They were accompanied home by Mrs. Aldenderfer's father, Henry Betz of Stoutsville, who spent the winter with them.

BITTER

DEAR ABBY: We grew up in a strict Catholic home and never had meat on Fridays. We are all married now and have our own homes. All of us observe the dietary laws except my youngest sister. When she has our parents to her home on Friday nights she serves her own family meat and fixes fish for the folks. They have never said anything about it but I know how it must hurt them. I asked my sister not to do this and she became very angry and told me to mind my own business. Why does she take this attitude?

HURT BROTHER
DEAR BROTHER: Your sister is declaring her independence high, wide and handsome. It is HER way of showing her parents that she is no longer under their domination. She is being disrespectful, small, and childish.

Stop worrying. Write to Abby. For a personal reply enclose a self-addressed, stamped envelope to ABBY, Box 3365, Beverly Hills, Calif.

Grandparents Listed

Mr. and Mrs. William Hoffman, Route 2, are also the grandparents of Miss Frieda A. Mader, bride-elect of Mr. James Lloyd O'Donnell. Paternal grandparents are Mr. and Mrs. Henry L. Mader, Pinckney St.

The couple will be united June 15 in Cincinnati.

Ashville News Report

By Mrs. Arthur Deal Jr.
Phone YU 3-6111

All boys between the ages of 7 (or who will be 7 by June 1, 1963) and 15 years, those who will not be 16 by Aug. 1, 1963) are urged to attend a meeting at the Ashville elementary gymnasium 7:30 p. m. Thursday.

The purpose of the meeting is to organize a Teays Valley baseball program which will consist of a Mosquito League, A Little League and Babe Ruth League. Registration forms may be obtained from respective schools. Parents are urged to attend the meeting also.

Due to a small turnout Monday evening the Teays Valley Athletic Booster Club postponed its meeting to April 9. The session will be held at the Teays Valley High School at 8 p. m. Boosters are urged to attend as summer fund raising projects are to be discussed.

Ashville Brownie Troop No. 238 held its weekly meeting Monday evening in the Ashville Methodist Church with 16 girls and two leaders present.

The girls welcomed a new Brownie Sherry Gatlin, who has transferred from Mississippi. New officers elected were: Sherry Gatlin, president; Karen Clifton, treasurer; Brenda Gloyd, secretary; and Shirley Courtright, news reporter.

Mr. and Mrs. Edward Reese and sons David, Bruce, Mike and Richard of South Bloomfield are visiting this week with an army acquaintance of Reese.

They are staying with Mr. and Mrs. John W. Wright and daughter of Monta Vista, Colo. The two were attached to the First Ranger Battalion in World War II. It has been 17 years since they last saw each other.

Their daughter Karen is staying with Mr. and Mrs. Jerry Trego and family. Sons Keith and Joe are staying with Mr. and Mrs. Gene Tosca and family.

The Ashville Boy Scout Troop spent Saturday and Sunday camping at the farm of Mr. and Mrs. Jesse Baum's at Duvall. The boys explored the surrounding woods, made camp and cooked their meals over an open fire. Sunday morning they hold their own worship service.

Attending were Bob, Garry and Jimmy Johnson, Richard Petty, John Baum, Gary Tucker, Andy Ward, Paul Harris, Randy Wilson, Mark McMellon, Jim Deal, Jay Bastian, Jim Partee, Richard Gutheil and Gene and Mike Neff.

Fathers who assisted were Harold Partee, scoutmaster; Herman Petty, assistant scoutmaster; Frank Baum and Art Deal, Jr.

Ashville Girl Scout Troop No. 647 met recently at the EUB Church and elected their new officers.

They are: Linda Hickman, president; Marjorie Custer, vice-president; Sarah Cromley, secretary.

tary, Connie Kirk, treasurer; and Stephanie Wilson, scribe.

The Teays Valley Senior Class will hold a bake sale beginning 9:30 a. m. Saturday at Bastian's Coffee Shop.

The Bastian Funeral Home ambulance moved Mrs. W. A. Creager to Mercy Hospital last Saturday.

Holy Week Union Services will begin 7:30 p. m. April 10 with services at the Ashville Methodist Church, with Rev. John Morgan in the pulpit. The following night at 7:30 Holy Communion will be observed at the South Bloomfield Methodist Church, with the Rev. William Sherertz directing.

Good Friday services will be observed at 1:30 p. m. Friday at the Ashville Evangelical United Brethren Church. The Rev. H. A. Lockwood will preach.

The public is invited to join in all of these services. Special music will be presented by the church choirs.

The Ashville Women's Civic Club will not hold a meeting this month. In place of the regular meeting the club will once again be hosts to The Golden Year's Tea for residents of Ashville on April 21 at the First English Lutheran Church. Mrs. Harry Margulis is chairman of the event.

All parents and teachers of students attending Teays Valley High School are invited to attend an organizational meeting of a PTA for the high school 7:30 p. m. Monday evening in the high school auditorium. Mrs. Taft from the National Association of PTA will be guest speaker.

All present and former members of the County National Honor Society and teachers will attend the County Honor Society Banquet Friday at Logan Elm High School beginning at 6:30 p. m.

Open Hearth Furnace In Steel Mill Blows

PORTSMOUTH, Ohio (AP) — Employees of the Portsmouth division of the Detroit Steel Co. noticed smoke pouring from the rear of an open hearth furnace Tuesday and fled to safety just before the furnace burst.

The molten steel caused extensive damage but company officials said the furnace probably will be back in use by Friday.

Views on Television - Radio

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Network television usually would rather be safe than sorry, particularly when it comes to editorializing.

Usually, when a controversial issue is involved, the approach becomes documentary, the various viewpoints in careful balance. But that is not the tack of out spoken Aline Saarinen, well-known critic and writer on art and design, who is a bi-weekly guest of NBC's "Today Show." Mrs. Saarinen in the areas of her specialty, enjoys shaking up her audience by attacking, questioning things that are popularly accepted.

In a recent television appearance, she nominated the huge granite sculptures carved in Mt. Rushmore as one of the six ugliest objects in America—and drew considerable fiery mail.

She is the enemy of awe-inspiring square skyscrapers that contribute, she believes, to the growing ugliness of great cities. She deplores the uniformity of typical development houses that spring up like mushrooms on cleared and treeless tracts.

She even dared scold the New York public for flocking to see

the visiting "Mona Lisa"—while 10 blocks away hangs, unsung and largely unvisited, what she calls one of the greatest pictures ever painted: Rembrandt's self-portrait.

Mrs. Saarinen, a slim 42 and bubbling with enthusiasm, is like a peppermint after a rich meal.

You may not agree, but she makes you think. She'll be turning up on "Today" again Friday—infuriating some complacent souls, upsetting others but stimulating to everyone.

"We're on a culture kick, but I do think American taste is improving," says Mrs. Saarinen. "We still have a long way to go in product design. It is perfectly possible for lines to be clean and direct and simple. But the public has to demand it. I hope I can help; that's what I'm on television for."

Recommended tonight: "CBS Reports," 7:30-8:30 (EST)—"The Silent Spring of Rachel Carson," a report on the widespread use of pesticides; "Mission to Fear," CBS, 10-11 — Robert Horton in a suspense story.

The first University Press was established at Cornell University in 1869.

Local Bible College Group Visits Chicago

Interest and activity were at a peak around Circleville Bible College on Thursday morning as the Biblical Archaeology class prepared to leave on a three-day field trip to museums and other places of related interest in Chicago, Ill.

George Blackstone, college registrar, and Mrs. Blackstone, dean of women, accompanied the group of 20 students travelling in four cars. The trip included specially arranged lectures at the University of Chicago, the Chicago Bible House, The Institute of Oriental Research at the University of Chicago, the Chicago Museum of Natural History and the Adler Planetarium. Opportunity was also afforded for a brief visit to the Museum of Science and Industry and the Loop shopping area.

Of particular interest to the group were the exhibits of artifacts from Palestine, Syria, Assyria, Babylonia, Sumeria, Egypt, Greece and Rome; all areas closely related to the field of Biblical research and the study of archaeology as it relates to the background of the Biblical narrative.

PEOPLE In the News

By THE ASSOCIATED PRESS

WHITEHORSE, Yukon Territory (AP) — Ralph Flores, who survived seven weeks in the frozen wilderness after his plane crashed, says he plans to go back to his job as a mechanic on the Distant Early Warning radar line in Alaska.

Flores, 42, has regained 14 of the 51 pounds he lost during the ordeal. And he has left a hospital here to continue recuperating at the home of friends with whom his wife is staying in Whitehorse.

Flores, of San Bruno, Calif., and his passenger, Helen Klaben, 21, of New York, were rescued last week. He suffered frostbite and a fractured jaw.

WESTOVER, AFB, Mass. (AP) — Overweight Airman 1.C. Edward J. Maguire has shed 10 pounds—better than one-quarter of the goal set for him by the Air Force.

Maguire, stationed at Westover Air Force Base, Mass., said his weight is down to 215 pounds. The Air Force threatened to discharge him after 17 years service unless he trims to 187 pounds. His case comes up for review in August.

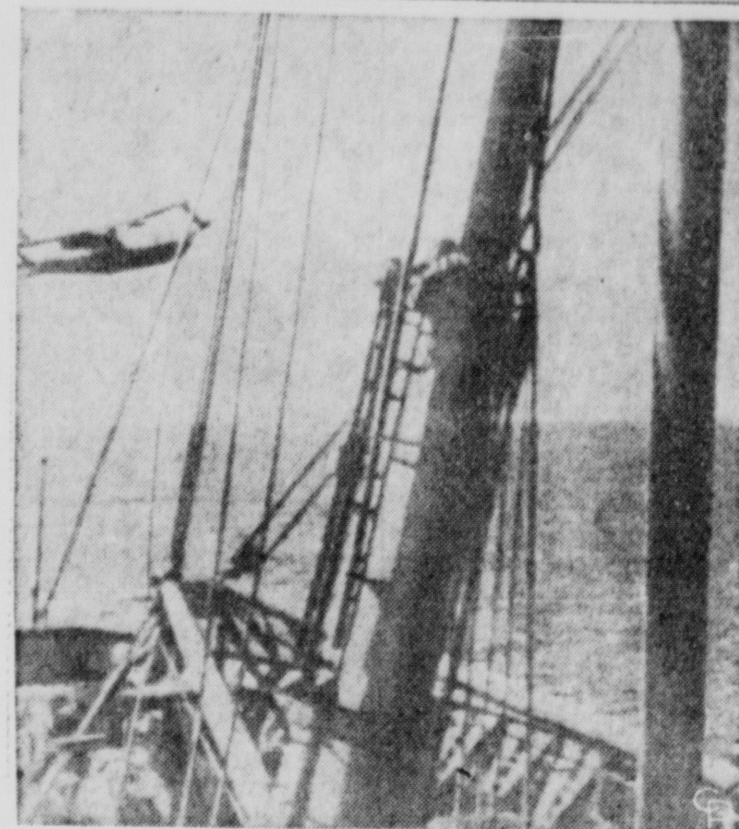

NEW ORLEANS (AP) — The Rev. Martin Niemöller, who was imprisoned for eight years in Germany by the Nazis, says the German people have lost faith in re-unification of their country.

The pastor, 71, who led the protestant fight against Nazification of the church in Germany, made the statement in New Orleans where he went to conduct Lenten services.

SEATTLE (AP)—Sir John Slessor, former marshal of the British Royal Air Force and chief of air staff of the RAF, says Anglo-American relations would be strained if the United States invaded Cuba "merely to get rid of Castro."

Speaking at a luncheon, he said: "There is no doubt that responsible British opinion is disturbed by some of the rather wild statements by some Americans" about Cuba.

Due to a small turnout Monday evening the Teays Valley Athletic Booster Club postponed its meeting to April 9. The session will be held at the Teays Valley High School at 8 p. m. Boosters are urged to attend as summer fund raising projects are to be discussed.

Ashville Brownie Troop No. 238 held its weekly meeting Monday evening in the Ashville Methodist Church with 16 girls and two leaders present.

The girls welcomed a new Brownie Sherry Gatlin, who has transferred from Mississippi. New officers elected were: Sherry Gatlin, president; Karen Clifton, treasurer; Brenda Glynn, secretary; and Shirley Courtright, news reporter.

Mr. and Mrs. Edward Roese and sons David, Bruce, Mike and Richard of South Bloomfield are visiting this week with an army acquaintance of Roese.

They are staying with Mr. and Mrs. John W. Wright and daughter of Monta Vista, Colo. The two were attached to the First Ranger Battalion in World War II. It has been 17 years since they last saw each other.

Their daughter Karen is staying with Mr. and Mrs. Jerry Trego and family. Sons Keith and Joe are staying with Mr. and Mrs. Gene Tosca and family.

The Ashville Boy Scout Troop spent Saturday and Sunday camping at the farm of Mr. and Mrs. Jesse Baum's at Duvall. The boys explored the surrounding woods, made camp and cooked their meals over an open fire. Sunday morning they held their own worship service.

Attending were Bob, Garry and Jimmy Johnson, Richard Petty, John Baum, Gary Tucker, Andy Ward, Paul Harris, Randy Wilson, Mark McMellon, Jim Deal, Jay Bastian, Jim Partee, Richard Guthrie and Gene and Mike Neff.

Fathers who assisted were Harold Partee, scoutmaster; Herman Petty, assistant scoutmaster; Frank Baum and Art Deal, Jr.

Ashville Girl Scout Troop No. 647 met recently at the EUR Church and elected their new officers.

They are: Linda Hickman, president; Marjorie Custer, vice-president; Sarah Cromley, secretary.

tary, Connie Kirk, treasurer; and Stephanie Wilson, scribe.

The Teays Valley Senior Class will hold a bake sale beginning 9:30 a. m. Saturday at Bastian's Coffee Shop.

The Bastian Funeral Home ambulance moved Mrs. W. A. Crea-ger to Mercy Hospital last Saturday.

Holy Week Union Services will begin 7:30 p. m. April 10 with services at the Ashville Methodist Church, with Rev. John Morgan in the pulpit. The following night at 7:30 Holy Communion will be observed at the South Bloomfield Methodist Church, with the Rev. William Sherertz directing.

Good Friday services will be observed at 1:30 p. m. Friday at the Ashville Evangelical United Brethren Church. The Rev. H. A. Lockwood will preach.

The public is invited to join in all of these services. Special music will be presented by the church choirs.

The Ashville Women's Civic Club will not hold a meeting this month. In place of the regular meeting the club will once again be hosts to The Golden Year's Tea for residents of Ashville on April 21 at the First English Lutheran Church. Mrs. Harry Margulis is chairman of the event.

All parents and teachers of students attending Teays Valley High School are invited to attend an organizational meeting of a PTA for the high school 7:30 p. m. Monday evening in the high school auditorium. Mrs. Taft from the National Association of PTA will be guest speaker.

All present and former members of the County National Honor Society and teachers will attend the County Honor Society Banquet Friday at Logan Elm High School beginning at 6:30 p. m.

Open Hearth Furnace In Steel Mill Blows

PORTSMOUTH, Ohio (AP) — Employees of the Portsmouth division of the Detroit Steel Co. noticed smoke pouring from the rear of an open hearth furnace Tuesday and fled to safety just before the furnace burst.

The molten steel caused extensive damage but company officials said the furnace probably will be back in use by Friday.

Views on Television - Radio

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Network television usually would rather be safe than sorry, particularly when it comes to editorializing.

Usually, when a controversial issue is involved, the approach becomes documentary, the various viewpoints in careful balance.

But that is not the tack of out spoken Aline Saarinen, well-known critic and writer on art and design, who is a bi-weekly guest of NBC's "Today Show." Mrs. Saarinen in the areas of her specialty, enjoys shaking up her audience by attacking, questioning things that are popularly accepted.

In a recent television appearance, she nominated the huge granite sculptures carved in Mt. Rushmore as one of the six ugliest objects in America—and drew considerable fiery mail.

She is the enemy of awe-inspiring square skyscrapers that contribute, she believes, to the growing ugliness of great cities. She deplores the uniformity of typical development houses that spring up like mushrooms on cleared and treeless tracts.

She even dared scold the New York public for flocking to see

the visiting "Mona Lisa"—while 10 blocks away hangs, unsung and largely unnoticed, what she calls one of the greatest pictures ever painted: Rembrandt's self-portrait.

Mrs. Saarinen, a slim 42 and bubbling with enthusiasm, is like a peppermint after a rich meal. You may not agree, but she makes you think. She'll be turning up on "Today" again Friday—infuriating some complacent souls, upsetting others but stimulating to everyone.

"We're on a culture kick, but I do think American taste is improving," says Mrs. Saarinen. "We still have a long way to go in product design. It is perfectly possible for lines to be clean and direct and simple. But the public has to demand it. I hope I can help; that's what I'm on television for."

Recommended tonight: "CBS Reports," 7:30-8:30 (EST)—"The Silent Spring of Rachel Carson," a report on the widespread use of pesticides; "Mission to Fear," CBS, 10-11 — Robert Horton in a suspense story.

The first University Press was established at Cornell University in 1869.

Local Bible College Group Visits Chicago

Interest and activity were at a peak around Circleville Bible College on Thursday morning as the Biblical Archaeology class prepared to leave on a three-day field trip to museums and other places of related interest in Chicago, Ill.

George Blackstone, college registrar, and Mrs. Blackstone, dean of women, accompanied the group of 20 students travelling in four cars. The trip included specially arranged lectures at the University of Chicago, the Chicago Bible House, The Institute of Oriental Research at the University of Chicago, the Chicago Museum of Natural History and the Adler Planetarium. Opportunity was also afforded for a brief visit to the Museum of Science and Industry and the Loop shopping area.

Of particular interest to the group were the exhibits of artifacts from Palestine, Syria, Assyria, Babylonia, Sumeria, Egypt, Greece and Rome; all areas closely related to the field of Biblical research and the study of archaeology as it relates to the background of the Biblical narrative.

PEOPLE In the News

By THE ASSOCIATED PRESS

WHITEHORSE, Yukon Territory (AP) — Ralph Flores, who survived seven weeks in the frozen wilderness after his plane crashed, says he plans to go back to his job as a mechanic on the Distant Early Warning radar line in Alaska.

Flores, 42, has regained 14 of the 51 pounds he lost during the ordeal. And he has left a hospital here to continue recuperating at the home of friends with whom his wife is staying in Whitehorse.

Flores, of San Bruno, Calif., and his passenger, Helen Klaben, 21, of New York, were rescued last week. He suffered frostbite and a fractured jaw.

WESTOVER, AFB, Mass. (AP) — Overweight Airman 1.C. Edward J. Maguire has shed 10 pounds—better than one-quarter of the goal set for him by the Air Force.

Maguire, stationed at Westover Air Force Base, Mass., said his weight is down to 215 pounds. The Air Force threatened to discharge him after 17 years service unless he trims to 187 pounds. His case comes up for review in August.

NEW ORLEANS (AP) — The Rev. Martin Niemöller, who was imprisoned for eight years in Germany by the Nazis, says the German people have lost faith in re-unification of their country.

The pastor, 71, who led the protestant fight against Nazification of the church in Germany, made the statement in New Orleans where he went to conduct Lenten services.

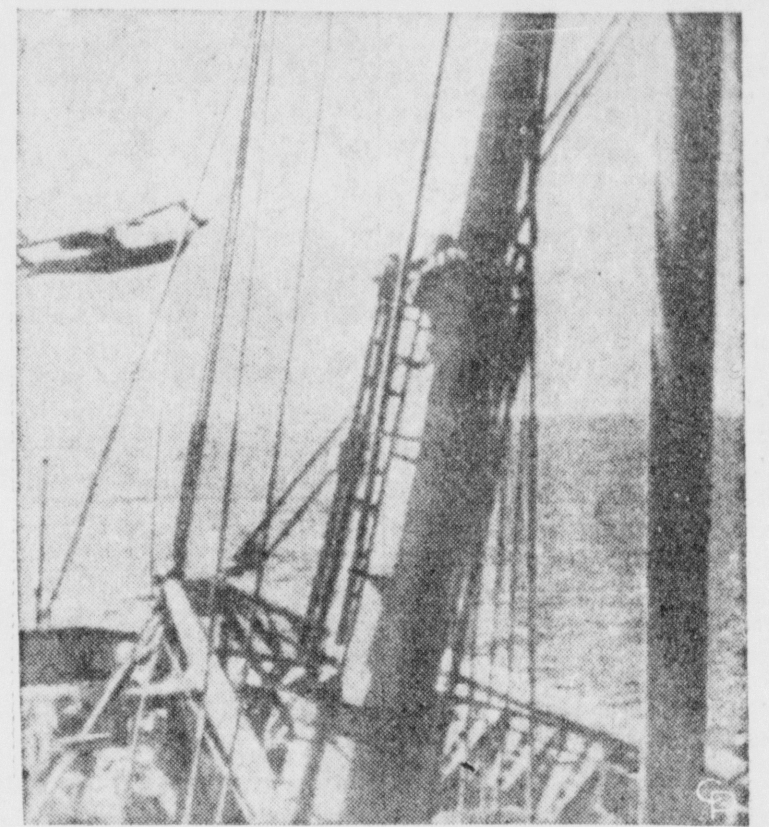

SEATTLE (AP)—Sir John Slessor, former marshal of the British Royal Air Force and chief of air staff of the RAF, says Anglo-American relations would be strained if the United States invaded Cuba "merely to get rid of Castro."

Speaking at a luncheon, he said: "There is no doubt that responsible British opinion is disturbed by some of the rather wild statements by some Americans" about Cuba.

New Troubles Pile Up on Soviet Chiefs

WASHINGTON (AP)—The shadowy outlines of a policy crisis in the Kremlin have cast a deep uncertainty over the future development of Soviet relations with the United States and the outside world in general.

The best-informed U.S. officials discount reports abroad that Premier Khrushchev is in serious political trouble, faced with tough opposition inside the Soviet ruling group. So far as can be judged from here, he is still the dominant wielder of power in Moscow.

Yet the accumulation of troubles with which the Soviet government is now beset, including the long and serious argument with Red China, is a condition for which Khrushchev as the leader of the government and the Communist party must take major responsibility. This could lead to personal difficulties for him.

In broad policy terms, authorities here see the present period in Moscow as one of great indecision, and the question which concerns them is what the trend of Soviet policy will be when the time of debate over various possible courses of action comes to an end.

The brief period of seeking friendlier relations with the United States, which began in the aftermath of the Cuban crisis last fall when Khrushchev was playing out his chosen role of savior of the peace, has long since ended. It has been succeeded in East-West relations by a period of stalemate with evidence of Soviet stalling on such issues as Berlin, Cuba and disarmament.

Within the Communist bloc there is a kind of slow-motion sparring between Moscow and Peking over proposals to restore some degree of unity, but with results which so far are unpredictable.

But Khrushchev's difficulties range far beyond his quarrel with the Red Chinese and his obvious efforts to reassert Soviet leadership throughout the Communist bloc. Probably the most serious problems he faces are those concerned with promoting agricultural production and stimulating industrial expansion. After 10 years of growth, Soviet industry has leveled off. The chronic farm crisis is probably as bad now as it was a decade ago when Khrushchev virtually took personal control of agricultural policy.

Ohio Girl Wins in VFW Competition

WASHINGTON (AP)—An Ohio girl is among the four top winners of the Veterans of Foreign Wars "Voice of Democracy" contest.

Yvonne Ferguson, 16, of Portsmouth, Ohio, placed third and received a \$2,500 scholarship. The top prize, a \$5,000 scholarship, went to Richard Behrens, 16, of Westfield, N.J.

The winners were chosen from 55 finalists who used the theme "What Freedom Means to Me" and recorded their remarks on tape for judging. The winners were announced Tuesday night at the VFW's midwinter conference.

All finalists were given an expense-paid trip to Washington.

Yvonne, a senior at Portsmouth High School, is the daughter of Mr. and Mrs. Walter Ferguson. Her father is principal of Washington Elementary School in Portsmouth.

Earlier, she won \$1,000 in the Ohio VFW contest after having won the same contest a year ago. She plans to enter Ohio State University in the fall to study chemistry.

Chambermen Seek City Legislation On Special Sales

Negotiations Continue in News Strike

CLEVELAND (AP)—Two days of negotiations this week have failed to bring any progress in negotiations between the 14-member Machinists Union and publishers of Cleveland's two strike-bound daily newspapers.

The Machinists is the last union negotiating with representatives of the Plain Dealer and the Press and News. Another bargaining session was scheduled today after a three-hour meeting Tuesday failed to bring any change.

The Teamsters, who started the strike Nov. 29, have called a membership meeting for tonight to vote on a new contract agreement. Teamsters Local 473, representing 455 drivers, previously reported the members had approved conditionally a contract agreement pending completion of negotiations of two items.

Anthony DePalma, business representative, said all details were ironed out in a meeting with publishers representatives earlier this week, and he predicted the contract would get final ratification tonight.

Thursday night the Printers Union votes on its new contract, and approval of that agreement would give a big boost to hopes of getting the newspapers back in the homes of more than a million greater Clevelanders, where they have been absent for 125 days.

The publishers reportedly have been aiming at a Monday target date for resuming publication, assuming that the Printers approve the contract their leaders negotiated Sunday.

Among the Bari people of Sudan, custom demands that a man kill his favorite ox when it grows old. Friends eat the flesh and the owner sits grief-stricken in his hut.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook.

Cloudiness increased over Ohio Tuesday night and temperatures remained mild.

Early today readings ranged from 57 at Marietta to 68 at Chesapeake.

It will be windy and warmer today with afternoon high temperatures in the upper 70s and low 80s.

By this evening or tonight showers and thundershowers will precede a cold front approaching from the west.

Much colder weather will follow the front with temperatures Thursday afternoon expected to be 20 to 30 degrees cooler than today's.

Skies will be mostly cloudy Thursday with winds changing to west southwesterly.

OHIO FIVE DAY FORECASTS
SOUTHERN & CENTRAL
OHIO—Temperatures will average near or slightly above normal. Normal high 56-64, normal low 36-41. Colder Thursday, warming trend over weekend. Rainfall will average one-half to one inch as scattered thundershowers tonight, again over weekend.

USE THE CLASSIFIEDS

The World Today

WASHINGTON (AP)—President Kennedy has had some second thoughts—and third ones, too—on Cuba.

He has been most consistent in holding out hope for Cuban refugees that their homeland will be freed. But he has remained vague on how the freedom would be won.

While at one time he talked of using only radio, television, the press and moral power against Cuba, he later backed an invasion. At one time he was against boxing in the refugees, but now he's boxing them in.

The evolution, and the changes, in his thought can be traced by starting with his statements in the campaign.

On Oct. 15 that year he said: "We must end the harassment which this government has carried on of liberty-loving anti-Castro forces in Cuba and other lands—'We must recognize these exiles and rebels represent the real voice of Cuba and should not be constantly handicapped by our immigration and Justice Department authorities.'"

Five days later he was saying: "We must attempt to strengthen the non-Batista democratic anti-Castro forces in exile, and in Cuba itself, who offer eventual hope of overthrowing Castro. Thus far these fighters for freedom have had virtually no support from our government."

What did this mean: Raids? An invasion?

It wouldn't seem so from what

he said Oct. 23, 1960: "I have stated that whatever we did with regard to Cuba should be within the confines of international law."

He explained that what he advocated was using radio, television, the press and the "moral power of the American government" to let the "forces of freedom in Cuba know we believe freedom will again rise in their country."

Then the opposite happened. On April 17, 1961, the American-backed invasion by Cuban refugees at the Bay of Pigs began. It collapsed four days later. Fidel Castro threw about 1,200 of the invaders in jail. On April 24 Kennedy took full responsibility for the United States' role in the fiasco.

Kennedy didn't try that again. A other crisis came last fall when Soviet Premier Khrushchev put his missiles into Cuba. Kennedy forced a showdown. Khrushchev pulled his missiles out. There was a kind of national sigh of relief. Before the end of 1962, Castro, for ransom, freed over 1,100 of the Bay of Pigs invaders. They returned to Miami and Kennedy made a speech to them last Dec. 29.

It was full of hope about the eventual freedom of Cuba and completely blank on when and how. Kennedy made no promise of American help for another invasion. The most he did was predict freedom.

This year Congress got concerned about the presence of Sovi-

et troops in Cuba. There weren't enough of them to invade the Americas. Their presence meant primarily two things.

Khrushchev now had a base in the Americas. And any invasion by refugees or anyone else, since it almost certainly would involve the Russians, might lead to war with Russia.

But the refugees, who have their headquarters in Miami, got busy although it still isn't clear whether they took off from this country or somewhere else.

They began making raids on Cuba and hit Russian ships. If this continued, and the Russians and Castroites retaliated, this could lead to ugly things, too.

Last Thursday something happened that looked like retaliation although Castro apologized for it Tuesday. Two MIGs from Cuba fired around an American freighter.

Then, to make sure the refugees didn't use American bases for future raids, Kennedy cracked down on them. Last Saturday the State and Justice Departments said the United States would "take every step necessary" to see that refugees didn't use American bases.

The statement indicated intensified action by the Coast Guard, FBI, and immigration and customs services, an action which recalled Kennedy's 1960 complaint against handicapping the refugees.

On Sunday a Justice Department spokesman said 18 Cubans

Ex-OU Dean Freed on Bond

BLOMINGTON, Ind. (AP)—An Ohio University graduate who later became the school's assistant dean of students has been freed from the Monroe County jail on \$2,000 property bond.

James H. Lochary, 30, released Tuesday, is charged with pocketing funds through a system of false grants to students at Indiana University, where he moved and became director of scholarships and financial aid in 1960.

Prosecutor Thomas Hoadley said the case against Lochary, fired last month after a state audit of his office, involves 11 such grants and some \$3,500.

The prosecutor erroneously reported earlier that Lochary had been assistant dean of students at Miami University of Ohio instead of Ohio University. He obtained both his bachelor's and master's degrees at Ohio U.

He was arrested Monday night in Florida had been restricted to the Miami area. The British, co-operating with the United States, grabbed a refugee raider and its crew of 17 in the Bahamas.

he said Oct. 23, 1960: "I have stated that whatever we did with regard to Cuba should be within the confines of international law."

He explained that what he advocated was using radio, television, the press and the "moral power of the American government" to let the "forces of freedom in Cuba know we believe freedom will again rise in their country."

Then the opposite happened. On April 17, 1961, the American-backed invasion by Cuban refugees at the Bay of Pigs began. It collapsed four days later. Fidel Castro threw about 1,200 of the invaders in jail. On April 24 Kennedy took full responsibility for the United States' role in the fiasco.

Kennedy didn't try that again. A other crisis came last fall when Soviet Premier Khrushchev put his missiles into Cuba. Kennedy forced a showdown. Khrushchev pulled his missiles out. There was a kind of national sigh of relief.

Before the end of 1962, Castro, for ransom, freed over 1,100 of the Bay of Pigs invaders. They returned to Miami and Kennedy made a speech to them last Dec. 29.

It was full of hope about the eventual freedom of Cuba and completely blank on when and how. Kennedy made no promise of American help for another invasion. The most he did was predict freedom.

This year Congress got concerned about the presence of Sovi-

By James Marlow

Ex-OU Dean Freed on Bond

BLOMINGTON, Ind. (AP)—An Ohio University graduate who later became the school's assistant dean of students has been freed from the Monroe County jail on \$2,000 property bond.

James H. Lochary, 30, released Tuesday, is charged with pocketing funds through a system of false grants to students at Indiana University, where he moved and became director of scholarships and financial aid in 1960.

Prosecutor Thomas Hoadley said the case against Lochary, filed last month after a state audit of his office, involves 11 such grants and some \$3,500.

The prosecutor erroneously reported earlier that Lochary had been assistant dean of students at Miami University of Ohio instead of Ohio University. He obtained both his bachelor's and master's degrees at Ohio U.

He was arrested Monday night. In Florida had been restricted to the Miami area. The British, cooperating with the United States, grabbed a refugee raider and its crew of 17 in the Bahamas.

West Berlin's Viability Is Major Concern

BERLIN (AP)—Keeping West Berlin alive and flourishing is a matter of constant concern for Western leaders. They speak of maintaining the city's viability in the face of Communist threats. That's economic jargon for the ability to survive.

Viability is one of "three essentials" the United States, Britain and France are committed to defend—by war if necessary. The others are free access to the city and continued presence of Western Allied troops.

West Berlin is an outpost 110 miles inside Communist territory so its ability to survive economically depends entirely on its links with West Germany.

In 1948-49, the Soviets attempted to force communism on the West Berliners by starving them through a blockade. Stalin's plan was defeated by the Western airlift. But the Communist threat to the free part of this big city has never faded away.

Prof. Karl Schiller, head of West Berlin's economics department, says the city's economic ties to the West, along with free access and its protection by garrisons, are the pillars on which West Berlin's viability rests.

"Shake any of these pillars of viability and West Berliners will lose confidence in the future of their city. The city would die," said Schiller.

How do the West Berliners feel about it?

"To me, viability means that we can live, have enough to eat, can pay our bills and occasionally, have some fun, like seeing a movie show or a play," said Mrs. Friedel Schoder.

She is the widowed mother of two daughters and lives on a small pension.

Wilhelm Kuhlhold, a druggist, saw viability this way:

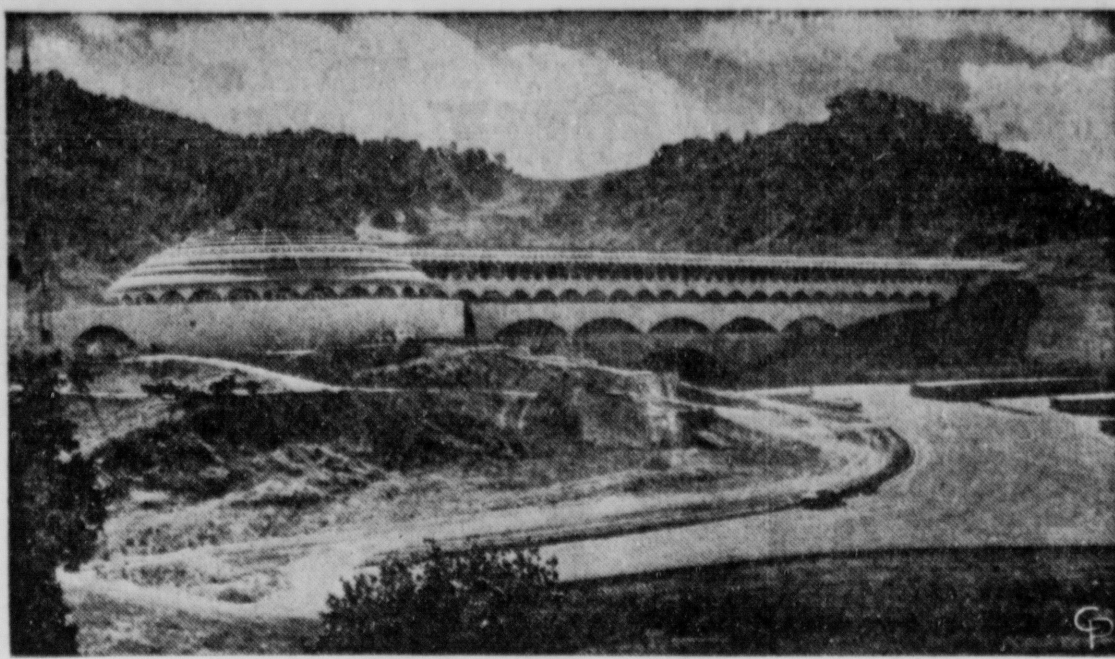

"It means that my customers will always be able to buy what they need, that I have enough stocks on hand to be able to satisfy them."

Kuhlhold employs two young sales clerks and is worried lest they leave him for West Germany—"They don't like being fenced in."

Experts calculate that West Berlin needs an annual injection of some 15,000 workers to remain economically viable.

West Berlin has a population of 2,175,000 and a labor force of 950,000. It lost almost 60,000 skilled workers overnight when the Communists closed the border and started building their wall Aug. 13, 1961. About 21,000 young West Germans have since come to work here.

With these imported laborers and through increased automation the loss of workers caused by the wall has been made good, city officials say.

Circular administration center for Marin County, California, is a Wright masterpiece.

Round Buildings Have Become Apple of Architects' Eye

By JAMES H. WINCHESTER
Central Press Association
Correspondent

CHICAGO — Buildings — in — the round have the nation's architects going about in circles these days. All across the country round buildings are springing up like so many round pegs in a land where rectangular or square-shaped structures have long been dominant.

Round buildings, of course, are an age-old architectural form. Greek temples were usually round. So is the famous Tower of Pisa. The Eskimo igloo — one of the oldest forms of housing — is circular in structure.

Partially responsible for the revival of this form of building is economy. To enclose 200,000 square feet of space on one level, a circle requires 1,578 linear feet of perimeter. A rectangle requires 1,934 feet, and a square requires 1,792 feet.

The round building form can also bring about other lowered costs. Shorter air conditioning ducts, less corridor areas and concentration on plumbing can cut construction cost considerably. Convenience is also a growing consideration.

An increasing number of hospitals-in-the-round are being built. In the circular hospital, doctors, nurses, laboratories and food services can be located in the center of a floor for easy access to patients' rooms.

The late, great architect, Frank Lloyd Wright, was largely responsible for the revival of circular buildings as an architectural form. One of his final creations was a

\$5 million administration center for Marin County, near San Rafael in northern California's famous Redwood empire.

The Guggenheim Museum, on New York City's Fifth Avenue, is another Wright circular — building example. Its spiraling circular ramp gives the museum's visitors an opportunity of viewing the exhibits from many angles and levels.

One of the most graphic examples of circular building is in Chicago, where an apartment house development consisting of two 61-story circular towers will open in 1963. In Seattle, as another example, a 12-story motel has its furniture specially designed to conform to its pie-shaped rooms in its circular form.

More and more schools, too are being designed in-the-round, as are new airline terminals, such as Pan American's and TWA's structures at New York City's Idlewild.

St. Patrick's College Seminary, in Hartsdale, N. Y., is a good example of the new school building designs. Its dormitories, dining facilities, auditoriums, classrooms library and chapel are all built around a circular form.

The circular center structure contains the chapel, auditorium and other common halls. The dormitory buildings form concentric rings around this center. The circular center building is equidistant from the dormitory buildings and it also serves to blend the entire complex of structures into a harmonious whole.

As another example, new dormitories at the University of Pittsburgh are also being built in-the-round. Their rooms are on the periphery, baths in the center.

"A circular office building can also serve to eliminate executive jealousies over favored corner offices," reports one architect, whose firm has built scores of round structures in recent years.

"The round shape of the building also brings executive and other offices closer together, while space for secretarial pools and other services are at the hub of each floor."

TODAY In History

By THE ASSOCIATED PRESS

Today is Wednesday, April 3, the 93rd day of 1963. There are 272 days left in the year.

Today's highlight in history:

On this day in 1860, the Pony Express was inaugurated between St. Joseph, Mo., and the West Coast. Riders and ponies were carefully chosen to carry the mail through Indian territory and all kinds of weather. Although the Pony Express lasted for only two years, the 180 daring riders who participated became a legend in American history.

On this day:

In 1614, Indian princess Pocahontas married John Rolfe.

In 1783, American author Washington Irving was born.

In 1897, death came to German composer Johannes Brahms.

In 1936, Bruno Hauptmann was executed for the 1932 kidnap-murder of Charles A. Lindbergh, Jr.

In 1948, President Harry S. Truman signed the multi-million dollar foreign aid bill — the Marshall plan—which sped Europe's economic recovery after world war II.

Today's birthdays:

Astronaut Virgil (Gus) Grissom is 37.

Thought for today:

A wrong-doer is often a man that has left something undone, not always he that has done something—Marcus Aurelius.

Logan Elm Group On Rotary Agenda

"The Choraliers," a vocal group from Logan Elm High School, will set the mood for spring when the Circleville Rotary Club meets noon Thursday for a regular session at the BPO Elks Home.

The singers will present various selections during the program. Members of the group are Eddie Umstead, Drexel Poling, Brenda List, Susan Laveck, Janet DeLong, Barbara Dudleyson, Carlene Fuller, Terry Anderson, James Wilson and Cheryl Hulce. The choral unit is directed by Robert Petty.

Water Repellant Supply Seized by Government

DETROIT (AP)—An official of the Food and Drug Administration has ordered seizures of a water repellant which the government claims is not properly labeled as extremely inflammable.

Four 5-gallon cans of the repellant, manufactured by the E. I. du Pont de Nemours & Co., were seized Monday in Detroit. George Fowler, assistant director of the FDA, said similar seizures were ordered in Western Michigan and Ohio.

BLOSSOMING OUT—The cherry blossoms are out in full loveliness along Washington's Tidal Basin for the annual Cherry Blossom Festival April 2-6. Beyond is the Jefferson Memorial, and in foreground are Joseph Cusick and Maureen Hannan.

Derby News

The WSCS of Derby Church is making plans for its annual Silver Tea which will be held at the church 2 p. m. April 20. Mrs. H. O. Caldwell will show rer pictures of the Holy Land. The public is invited.

The monthly meeting of the Derby Garden Club was held in Fellowship Hall on Mar. 25, with Mrs. Ruth Fields presiding. The Junior Garden Club—the Derby Rosebuds had charge of the program. Devotions were by Karen Spires.

Five minute talks were given by Linda Vance, Joe Lynn Furniss, Margene Liff and Vicki Vincent.

The Rosebuds offered a nice display of arrangements. Refreshments were served by the hostesses Mrs. Eddie Spires and Mrs. Charles Shannon.

Mrs. May DeLay, the Misses Nell Ridgeway, Grace Minshall, Sara and Hazel Ridgeway attended the District WSCS meeting at Chillicothe on Wednesday.

Mr. and Mrs. Kenneth Lugenbeel and Bethany Bale of near Mt. Sterling and Mrs. Flonnie Vance drove to Lockbourne AFB to attend the wedding of Miss Helen Vance who was united in marriage to Mr. Philip Pinney of Indianapolis, Ind. Miss Vance is the daughter of Mr. and Mrs. Charles Vance of Ashland, and Mrs. Vance's grand-daughter.

Mrs. Marvene Walters reports that her son, Pvt. Kenny Miller, is stationed at Ft. Knox, Ky., where he is taking his basic training. His brother PFC Steve Miller, who has been taking six months of special training in Berlin, Germany, is expected home soon. He will be stationed at Ft. Riley, Kan. after his leave. He will remain in service until next January.

Mr. and Mrs. David Musselman announce the birth of a 7-pound 9-ounce son born on Mar. 31.

Mr. and Mrs. Irvin Green and family of Grove City and Mr. and Mrs. R. G. Looney of Derby spent the past week touring Florida. An enjoyable trip was reported.

Miss Suzanne Sweet had as a Saturday afternoon guest, Miss Virginia Dingus.

Mr. and Mrs. John Looney and sons spent the weekend as guests

of Mr. and Mrs. Leon Looney and sons of Fairborn.

Mr. and Mrs. Charles Smith called on Mr. and Mrs. Eldon Sweet of near Mt. Sterling on Sunday evening.

Mr. and Mrs. Wayne Mathys and son were Sunday visitors at the home of Mr. and Mrs. John Looney and sons.

Since spring cleaning will be in progress now, think of the Get-together Club before you discard old sheets, shirts, blankets, wool dresses, print or scraps of any kind. Contact Mrs. Minnie Ridgeway.

Holy Week Services will begin on Monday night of the week preceding Easter week. Next week is Palm Sunday.

Tickets will be distributed at Derby school for the annual Easter Egg Hunt which will be held at the usual place on April 13. Mothers willing to donate eggs for the hunt may leave them at the church on the morning of April 13.

Kennedy Plans Tour of West

WASHINGTON (AP)—President Kennedy will make an inspection tour of military bases in the West in June and will participate in commencement exercises at the U.S. Air Force Academy.

Kennedy will fly to Colorado Springs, Colo., on June 5 to hand graduating Air Force cadets their diplomas in a ceremony in the academy's big athletic stadium, it was learned today.

Later that day, Kennedy will tour the North American Air Defense Command headquarters at Colorado Springs, then fly to El Paso, Tex.

On the following day, he will go to the White Sands, N.M., Proving Grounds and later to San Diego, Calif., where he is expected to witness fleet maneuvers in the Pacific.

Early pilgrims in Asia may have "invented" felt. Using sheep's wool to line their ride shoes, pilgrims on long treks created enough pressure in the shoe to cause the fibers to interlock and become felt.

Fatal Brawl Costs

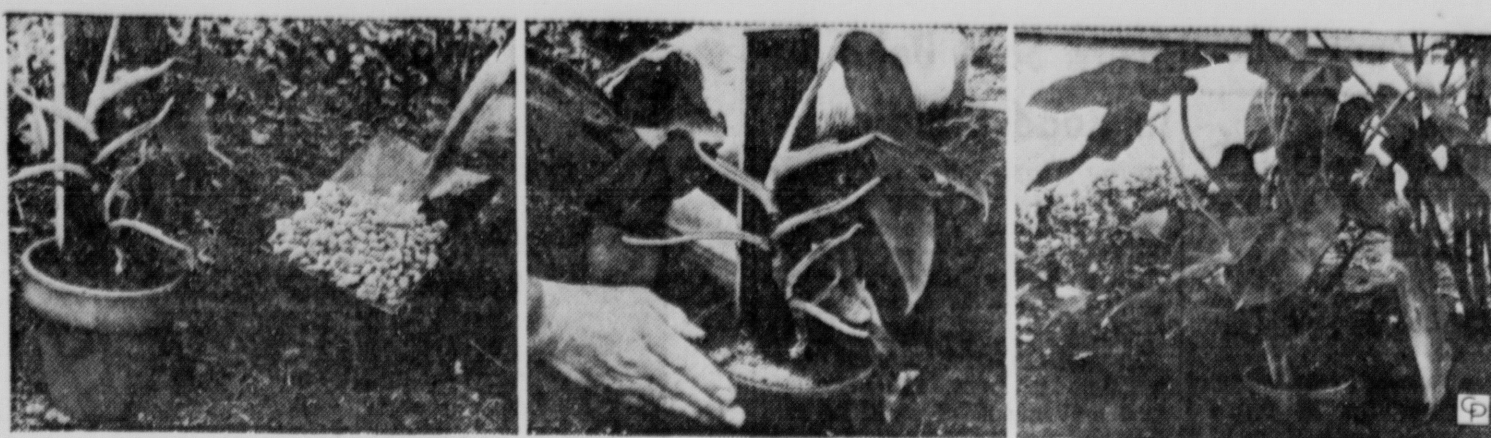

Cincy Man Pen Term

CINCINNATI (AP) — A brawl that began when Alphonso Blas-ingame found his woman friend in another man's room has cost him a 1-20 year term in Ohio Penitentiary.

Common Pleas Court Judge Louis J. Schneider sentenced Blasingame, 41, Tuesday. He was convicted of first-degree manslaughter Jan. 11 in the killing of L. C. Brown, 49, on Dec. 25, 1961.

There'll Be a Zoo

LOUISVILLE, Ky. (AP) — Louisville has been given \$1.5 million by hotelman J. Graham Brown to begin a zoo.

PLANTS LOOK FORWARD TO SUMMER 'VACATION'—After wintering indoors, most house plants look forward to spending the summer outdoors inside their porous clay pots. The first step should be taken with the first warm days of spring. Dig a hole (left) large enough to accommodate the plant and its clay pot. Put crushed rock, cinders or ashes at the bottom of the hole to discourage wandering root

growth outside the pot. Next (center) set the plant—clay pot and all—into the hole, being sure to leave the top lip of the clay pot an inch or more above the soil level to protect the plant from soil washing that could cause damage. Foliage plants such as this philodendron enjoy healthful summer vacations under the shade of other shrubs (right). Flowering plants enjoy more sunlight. (Central Press)

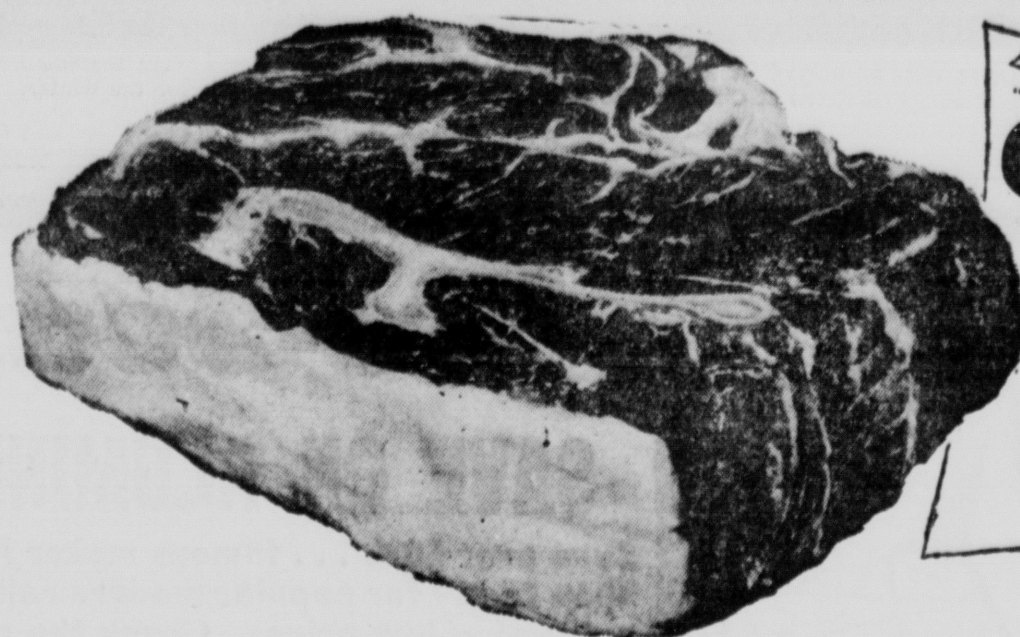

Foreign Students Due

To Visit Legislature

COLUMBUS, Ohio (AP)—Nine-teen students and faculty members representing 15 countries and six Ohio colleges are visiting the Ohio Legislature today. The visit is part of a two-day tour sponsored by the Ohio State Bar Association to acquaint the foreigners with America's system of government.

Members of the group include exchange students and faculty members from DePaul College, Case Institute of Technology, Western Reserve, Kent State, Ohio Northern University and the University of Dayton.

7 Steel Firms Are Indicted For Price-Fix

By THE ASSOCIATED PRESS

Seven steel firms indicted Tuesday were charged with conspiring to set the prices of train wheels or other steel products.

U.S. Steel and Bethlehem, ranked 1-2 in the industry, were named in the wheels indictment with Arco Steel Co. of Middletown, Ohio; Edgewater Steel Co. of Oakmont, Pa.; and Baldwin-Lima-Hamilton Corp. of Philadelphia.

Edgewater and Baldwin, along with Taylor Forge and Pipe Works, Cicero, Ill., and Alco Products, Inc., New York, were named in a second indictment charging price-fixing on rolled steel pipe flanges and rings.

The government claimed the price-fixing conspiracies began in 1948 and continued through 1961. As a result, the government said, the New York City Transit Authority, other subway systems, railroads and other industrial customers were deprived of the benefits of free price competition.

The companies are accused of fixing identical factory and delivered prices and submitting identical bids.

U.S. Steel, which reportedly handles 35 per cent of the \$60 million steel wheel business in the nation, said through a spokesman at its New York headquarters:

"We are advised by counsel that in their opinion U.S. Steel Corp. will be successful in its defense of the charges set forth in this indictment."

In Washington, a spokesman for Bethlehem Steel said:

"We have not had an opportunity to review the indictment. . . . Bethlehem's policy has always been one of strict compliance with all laws applicable to its operation. We are taking steps to contest this case."

John Chucas, counsel for Baldwin-Lima-Hamilton, said: "Until we have a chance to read the charges, we have no comment."

A spokesman for Arco, denying that the company had been involved in any price-fixing, said: "There has been no increase in our price for wheels in almost five years. We are advised by our counsel that we have not violated any law and we look forward to vindicating our company at trial."

If convicted, each defendant could be fined a maximum of \$50,000.

The indictments returned by the same grand jury last April, against U.S. Steel Bethlehem, three other companies and five industry executives, accused the defendants of fixing prices in open bid steel forgings.

The five executives were fined \$44,000 after pleading no contest last Oct. 25. Federal Judge Sylvester J. Ryan refused to accept similar pleas by the companies and those cases are still pending.

Bull Brings \$60,000

ROBURY, Conn. (AP) — A Tiffin, Ohio, breeding association has paid \$60,000 for a 5-year-old Holstein bull, Tum-a-Lum Woody Mystery. The price is one of the highest ever paid for a Holstein.

Juvenile Court Sentences 3 Young Drivers

Pickaway County Juvenile court listed the disposition of three young motorists charged with infractions of traffic laws last week.

Charles R. Irish, 17, Route 2, charged with speeding 35 miles per hour in a 25 mile zone, by city police, had his operator's license suspended for a 30 day period and was handed a \$10 suspended fine.

Willis J. Stewart, 17, 112½ E. Main St., transferred to the Pickaway County Court from Fairfield County and Ronald Lee Hettinger, 17, Route 2, each had their licenses suspended for 30 days. Stewart was charged with driving an unsafe vehicle and Hettinger with operating a motor vehicle with fictitious tags.

Clarence R. Campbell, 153 York St., an adult, charged with contributing to the delinquency of a minor and contributing to the neglect of eight minor children was sentenced to one year in the Pickaway County Jail and fined \$1,000. The complaint was lodged in the juvenile court by Mrs. Frankie Campbell.

Charles Smith, charged with contributing to the neglect of three minor children was sentenced to one year in the jail and fined \$1,000. The complaint was filed by Mrs. Donna Smith.

New Formula Given Apes

COLUMBUS, Ohio (AP) — Columbus Zoo officials have found a new "formula" with which to administer medication to most of the ape house inmates stricken with tuberculosis.

The medicine is being stirred into warm gelatin along with fruit and given to the animals after the combination has hardened.

Supt. Stephen Kelley said all of the 11 primates under treatment, except Baron, the adult male gorilla, and Christina, his mate, seem to like the formula.

Isoniazid, one of the medicines given to the animals, is tasteless. Another medicine, PAS, is bitter but the gelatin-fruit combination does a good job of disguising the taste, Kelley said.

The parents of Colo, the zoo's prized baby gorilla, will accept the medicine occasionally, but not often enough, and officials are still looking for a formula that will appeal to them.

Miami Extension Unit Study Assured by Fund

MIDDLETOWN, Ohio (AP)—The Barnitz Fund, a charitable group, has offered a \$10,000 grant to speed classroom planning for a proposed extension center of Miami University in Middletown.

The center would be built on 127 acres donated earlier by Arco Steel Corp. Miami officials said construction of classrooms depend on an increase in state cigarette taxes.

State Said Behind In Road Building

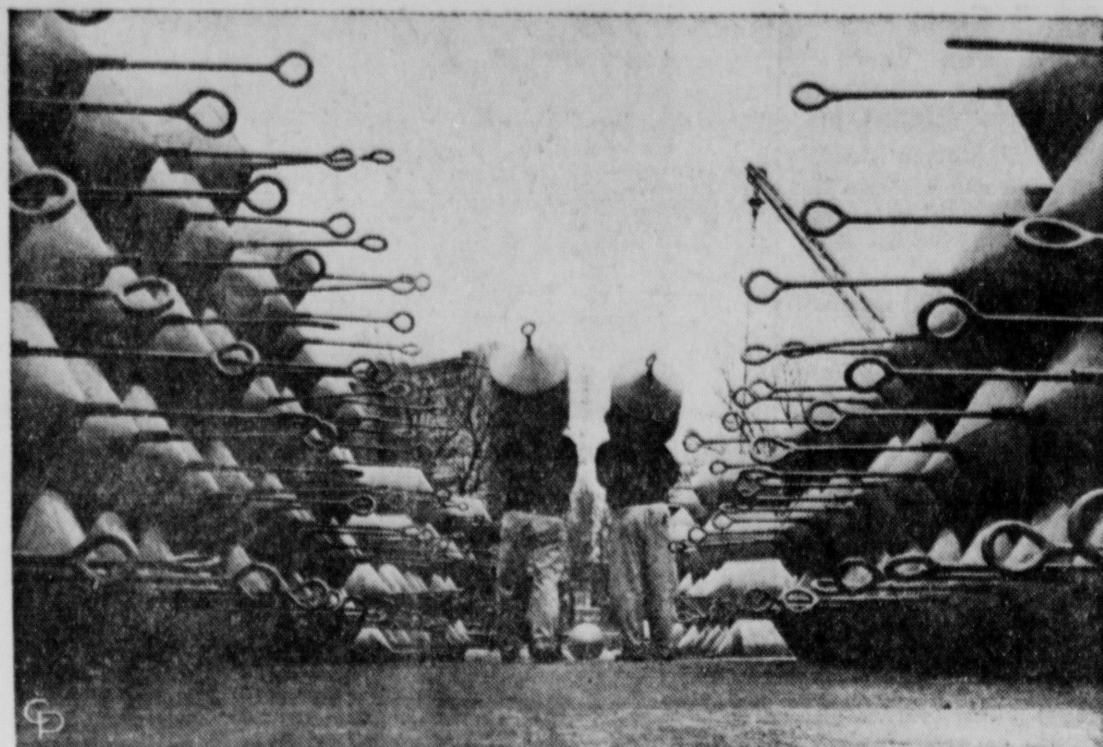

COLUMBUS, Ohio (AP)—Pearl E. Masheter, director of highways, told an engineering conference here Tuesday that the state is falling behind about \$50 million a year in new road construction based on present needs.

He said Ohio's present road building program is averaging \$300 million annually and he said this will not meet present traffic requirements.

He said he based his remarks on a report filed by William Smith and Associates, traffic consulting engineers.

Need for additional road-building funds does not end with the \$50 million, he said. He contended it must be increased during the coming years to take care of the expected "explosive" increase in traffic.

To spur public interest in the bald eagle's welfare, the Post Office has put a bald-eagle design on airmail cards.

BUOYS WILL BE BUOYS—A sure sign of spring, it is, when they start moving the small craft buoys lakeward at Chicago. The buoys have been stacked like this for the winter.

First Quad Taken Home

LIMA, Ohio (AP)—The first of the Axe quadruplets—Susan Marie—went home in her mother's arms Tuesday from the hospital.

Another of the quads born to March 4 may go home later this week, and the other two within two weeks.

Susan Marie weighed 5 pounds 10½ ounces when she left the hospital. She weighed 4 pounds 2½ ounces at birth. Next to go home probably will be Anna Marie who now weighs about 5 pounds 8 ounces. She weighed the same as Susan when born. The smallest at birth, Rita Marie, has gained from 2 pounds 9½ ounces to 4 pounds 1 ounce. Julia Marie, who weighed 3 pounds 13 ounces at birth, now weighs 4 pounds 12 ounces.

Doctors say all four girls are continuing rapid weight gains and appear to be in perfect health.

New Explosives Controls Asked

DAYTON, Ohio (AP) — John R. Schryock, police chief in nearby Kettering, Tuesday said he intends to press for immediate legislation for tighter control over purchases of explosives. Schryock's action comes on the heels of a series of mysterious explosions the past two weeks in Kettering. Officials said the blasts have caused about \$9,000 damage to properties of Virginia Homes, Inc.

Schryock, who is president of the Ohio Association of Police Chiefs, said he will ask that organization to support such legislation during an executive meeting Wednesday in Columbus.

Representatives of the Dayton Building and Trades Council have been picketing several of the Virginia Homes, Inc., sites in an effort to unionize the company.

7 Steel Firms Are Indicted For Price-Fix

By THE ASSOCIATED PRESS

Seven steel firms indicted Tuesday were charged with conspiring to set the prices of train wheels or other steel products.

U.S. Steel and Bethlehem, ranked 1-2 in the industry, were named in the wheels indictment with Armco Steel Co. of Middletown, Ohio; Edgewater Steel Co. of Oakmont, Pa.; and Baldwin - Lima-Hamilton Corp. of Philadelphia.

Edgewater and Baldwin, along with Taylor Forge and Pipe Works, Cicero, Ill., and Alco Products, Inc., New York, were named in a second indictment charging price-fixing on rolled steel pipe flanges and rings.

The government claimed the price-fixing conspiracies began in 1948 and continued through 1961. As a result, the government said, the New York City Transit Authority, other subway systems, railroads and other industrial customers were deprived of the benefits of free price competition.

The companies are accused of fixing identical factory and delivered prices and submitting identical bids.

U.S. Steel, which reportedly handles 35 per cent of the \$80 million steel wheel business in the nation, said through a spokesman at its New York headquarters:

"We are advised by counsel that in their opinion U.S. Steel Corp. will be successful in its defense of the charges set forth in this indictment."

In Washington, a spokesman for Bethlehem Steel said:

"We have not had an opportunity to review the indictment. Bethlehem's policy has always been one of strict compliance with all laws applicable to its operation. We are taking steps to contest this case."

John Chucas, counsel for Baldwin-Lima-Hamilton, said: "Until we have a chance to read the charges, we have no comment."

A spokesman for Armco, denying that the company had been involved in any price-fixing, said:

"There has been no increase in our price for wheels in almost five years. We are advised by our counsel that we have not violated any law and we look forward to vindicating our company at trial."

If convicted, each defendant could be fined a maximum of \$50,000.

The indictments returned by the same grand jury last April, against U.S. Steel Bethlehem, three other companies and five industry executives, accused the defendants of fixing prices in open day steel forgings.

The five executives were fined \$44,000 after pleading no contest last Oct. 25. Federal Judge Sylvester J. Ryan refused to accept similar pleas by the companies and those cases are still pending.

Bull Brings \$60,000

ROBURY, Conn. (AP) — A Tiffin, Ohio, breeding association has paid \$60,000 for a 3-year-old Holstein bull, Tum - a - Lum Woody Mistry. The price is one of the highest ever paid for a Holstein.

Juvenile Court Sentences 3 Young Drivers

Pickaway County Juvenile court listed the disposition of three young motorists charged with infractions of traffic laws last week.

Charles R. Irish, 17, Route 2, charged with speeding 55 miles per hour in a 25 mile zone, by city police, had his operator's license suspended for a 30 day period and was handed a \$10 suspended fine.

Willis J. Stewart, 17, 112½ E. Main St., transferred to the Pickaway County Court from Fairfield County and Ronald Lee Hettinger, 17, Route 2, each had their licenses suspended for 30 days. Stewart was charged with driving an unsafe vehicle and Hettinger with operating a motor vehicle with fictitious tags.

Clarence R. Campbell, 153 York St., an adult, charged with contributing to the delinquency of a minor and contributing to the neglect of eight minor children was sentenced to one year in the Pickaway County Jail and fined \$1,000. The complaint was lodged in the juvenile court by Mrs. Frankie Campbell.

Charles Smith, charged with contributing to the neglect of three minor children was sentenced to one year in the jail and fined \$1,000. The complaint was filed by Mrs. Donna Smith.

New Formula Given Apes

COLUMBUS, Ohio (AP) — Columbus Zoo officials have found a new "formula" with which to administer medication to most of the ape house inmates stricken with tuberculosis.

The medicine is being stirred into warm gelatin along with fruit and given to the animals after the combination has hardened.

Supt. Stephen Kelley said all of the 11 primates under treatment, except Baron, the adult male gorilla, and Christina, his mate, seem to like the formula.

Isoniazid, one of the medicines given to the animals, is tasteless. Another medicine, PAS, is bitter but the gelatin-fruit combination does a good job of disguising the taste, Kelley said.

The parents of Colo, the zoo's prized baby gorilla, will accept the medicine occasionally, but not often enough, and officials are still looking for a formula that will appeal to them.

Miami Extension Unit Study Assured by Fund

MIDDLETOWN, Ohio (AP)—The Barnitz Fund, a charitable group, has offered a \$10,000 grant to speed classroom planning for a proposed extension center of Miami University in Middletown. The center would be built on 127 acres donated earlier by Armco Steel Corp. Miami officials said construction of classrooms depend on an increase in state cigarette taxes.

State Said Behind In Road Building

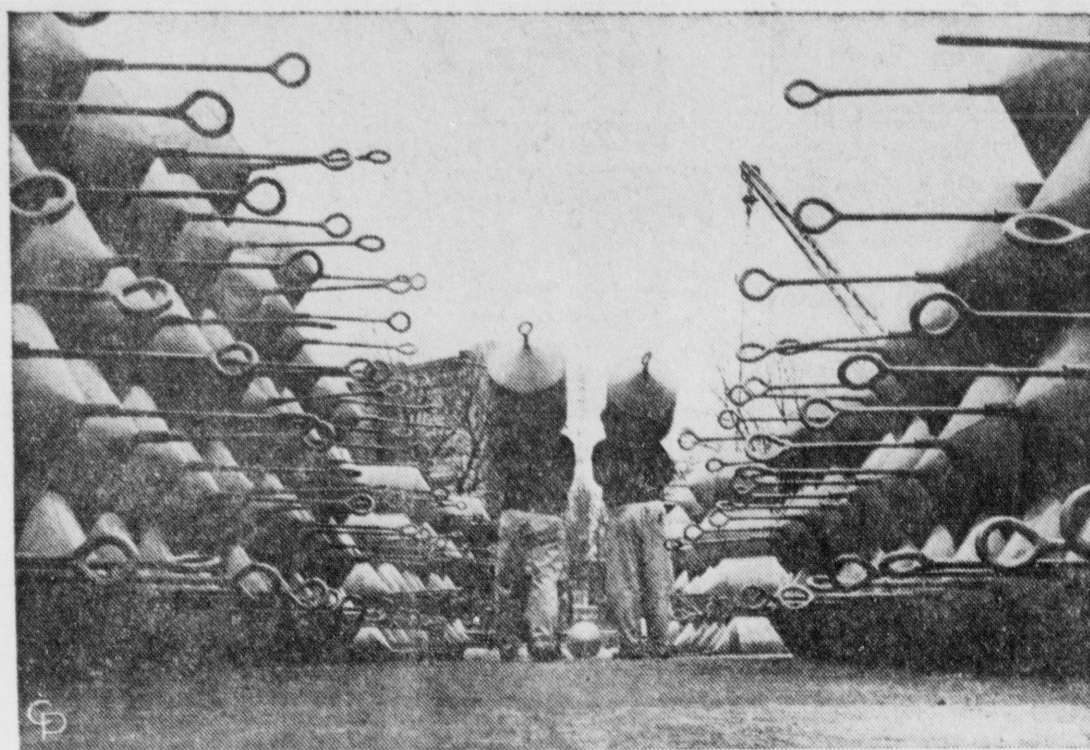

COLUMBUS, Ohio (AP)—Pearl E. Masheter, director of highways, told an engineering conference here Tuesday that the state is falling behind about \$50 million a year in new road construction based on present needs.

He said Ohio's present road building program is averaging \$300 million annually and he said this will not meet present traffic requirements.

He said he based his remarks on a report filed by William Smith and Associates, traffic consulting engineers.

Need for additional road-building funds does not end with the \$50 million, he said. He contended it must be increased during the coming years to take care of the expected "explosive" increase in traffic.

To spur public interest in the bald eagle's welfare, the Post Office has put a bald-eagle design on airmail cards.

BUOYS WILL BE BUOYS—A sure sign of spring, it is, when they start moving the small craft buoys lakeward at Chicago. The buoys have been stacked like this for the winter.

First Quad Taken Home

LIMA, Ohio (AP)—The first of the Axe quadruplets—Susan Marie—went home in her mother's arms Tuesday from the hospital.

Another of the quads born to March 4 may go home later this week, and the other two within two weeks.

Susan Marie weighed 5 pounds 10½ ounces when she left the hospital. She weighed 4 pounds 2½ ounces at birth. Next to go home probably will be Anna Marie who now weighs about 5 pounds 2 ounces. She weighed the same as Susan when born. The smallest at birth, Rita Marie, has gained from 2 pounds 9½ ounces to 4 pounds 1 ounce. Julia Marie, who weighed 3 pounds 13 ounces at birth, now weighs 4 pounds 12 ounces.

Doctors say all four girls are continuing rapid weight gains and appear to be in perfect health.

New Explosives Controls Asked

DAYTON, Ohio (AP) — John R. Schryock, police chief in nearby Kettering, Tuesday said he intends to press for immediate legislation for tighter control over purchases of explosives. Schryock's action comes on the heels of a series of mysterious explosions the past two weeks in Kettering. Officials said the blasts have caused about \$9,000 damage to properties of Virginia Homes, Inc.

Schryock, who is president of the Ohio Association of Police Chiefs, said he will ask that organization to support such legislation during an executive meeting Wednesday in Columbus.

Representatives of the Dayton Building and Trades Council have been picketing several of the Virginia Homes, Inc., sites in an effort to unionize the company.

Circleville, Ohio

Tigers Post 3-0 Win in Opener Against Chillicothe

The Circleville High School baseball team opened the season with a 3-0 victory over Chillicothe on the Cavaliers home field yesterday.

George Reeser went all the way for the Tigers on the mound, scattering five hits, two of them questionable. He fanned five and gave up two bases on balls in his initial start.

The veteran right hander allowed singles in the first and second innings, retired the side in order in the third on successive strikeouts, was touched in the fourth for a single and a double and

Monroe Romps For Victory Over Deers

Monroe High School's baseball team romped to a 26-1 Pickaway County League victory over visiting Williamsport yesterday in the initial start for both teams.

Tom Seeley, a transfer student from Greene Twp., paced the Indian onslaught, blasting two home runs, two doubles and a single in five trips to the plate. The senior catcher drove in 10 runs for the winners.

Williamsport's lone run was unearned, coming on a throwing error in the third inning.

Mick Hunt started on the mound for the Indians, fanning seven and hitting one batter with a pitched ball. He worked three innings.

Randy Richardson relieved Hunt in the fourth, setting down three consecutive batters on strikeout. Gary Moore worked two innings, allowing the lone hit Williamsport garnered, a double by Don Cook. He fanned two.

Jim Armentrout finished for the winners, fanning two as Dick Everman, Monroe baseball mentor, used all four of his hurlers.

John Plotts banged a triple for the winners while Randy Richardson and Bob Sparks collected doubles to round out the extra-base hitting for Monroe.

Thursday the Monroe nine travels to Darby for a league tilt while Williamsport goes to Logan Elm.

Chillicothe Seeks Cage, Grid Pilots

CHILLICOTHE, Ohio (AP)—The departure of Dick Dolan from Chillicothe High School's basketball coaching job has left the school without a coach in basketball and football.

Dolan, 38-year-old Ohio University graduate whose teams compiled a 50-33 record in four years, announced his resignation Tuesday.

Jim Strausbaugh, the school's football coach, quit in January to become athletic director. Applications are being accepted for both coaching positions, School Supt. Paul Hydel said.

Dolan will remain at the school as a mathematics teacher.

Federal Judge Eyes Lebanon Labor Dispute

CINCINNATI (AP)—There was no indication today when U. S. District Court Judge John W. Peck will rule on an injunction request in the dispute between the Production Plating Works of Lebanon and the United Steelworkers Union.

The injunction against the company was requested by the National Labor Relations Board. Judge Peck heard arguments on it Tuesday.

Tiger Golfers Win First Spring Match

The Circleville High School golf team came home with a win last night following a match with Unioto at the Chillicothe Jaycee golf course.

Tom Bivens and Bruce Helwagen led the winners with rounds of 42, while Bob Fuhrman was only one off the pace with a 43. Tim Dickinson finished with a 44. The best round for Unioto was a 49.

Circleville golf mentor Robert Ransom reported the team did not shoot well. He noted that Unioto was a green team and the strange course proved to be a little difficult for his charges.

Saturday the Tigers will field two teams when they host Pleasant View and Wilmington at the Pickaway Country Club.

Chuck Smith, Richard Fuhrman, John Wardell and Dick Patrick will make up the second foursome.

PLEASANT VIEW was runner up in the South Central League meet last year and actually led the Tiger golfers by seven strokes after the first nine holes. Bo Brickels, golf coach there, reports he has three returnees from that team.

In early practice sessions this spring the starting foursome for Circleville has been consistently shooting near 80 while Chuck Smith, the "fifth man" on the team, steadily breaks 85.

Ransom noted there is a healthy situation existing this year with five men actually vying for starting berths. In the qualifying rounds for last night's meet Smith missed by only two strokes.

Coach Ransom said he intends to utilize younger boys on the team as much as possible.

Royals Given Edge in Tilt With Celtics

CINCINNATI (AP)—The Cincinnati Royals—whosever their owner might be—have a definite edge in their playoff game tonight against the Boston Celtics.

The Royals have won two of three games so far in the best-of-seven series with the National Basketball Association's Eastern Division champs. Another victory tonight and the Celtics would have to win three straight games to get another crack at the NBA championship.

Tonight's game will take place on neutral ground—the Xavier University Fieldhouse, Cincinnati Gardens, the Royals' home court, is tied up with a circus.

Last Friday, Louis Jacobs, a millionaire concessions operator from Buffalo, N.Y., announced he had bought a majority interest in both the Royals and the Gardens.

On Monday, business executive Warren Hensel said he and Jacobs had worked out a deal. Hensel, a Cincinnati, had been a minority stockholder. Jacobs' office confirmed Tuesday that a "general agreement in principle" to sell the stock to Hensel had been reached.

The sale would be subject to approval by the NBA board of governors, which meets next on April 30. Maurice Podoloff, NBA president, said the governors have not approved the sale to Jacobs and "until that is approved, no action by Jacobs has any validity."

BO IS HER BEAU—Engagement of Bo Belinsky, the Los Angeles Angels' pitcher who has made news on and off the diamond, and Mamie Van Doren, the Hollywood actress, has been confirmed by both. Belinsky is 26, Miss Van Doren, 30. She has been married twice before.

Lawyers for Bryant, Butts Rap Georgia State Attorney

ATLANTA (AP)—Atty. Gen. Eugene Cook has concluded after a state investigation that Wallace Butts, who for 22 years coached football at the University of Georgia, divulged vital team information to Coach Paul Bryant of the University of Alabama prior to last fall's game between the two schools.

Cook's findings, made public Tuesday by Gov. Carl E. Sanders, stirred sharp attacks from attorneys for Butts and Bryant. The lawyers said Cook's conclusions were unwarranted, inaccurate and in some instances untruthful.

As the Georgia report was released, NCAA President Robert F. Ray said a preliminary inquiry indicated possible violations of the rules of the National Collegiate Athletic Association. Investigations also are under way by an Alabama legislative committee, a U.S. Senate group and the Southeastern Conference.

In his lengthy report, Cook concluded the information given by Butts "was unethical and improper, and unprofessional, and that the furnishing of such information might well have vitally affected the outcome of the game in points and margin of victory."

Alabama won 35-0 in the Sept. 22 opener for both teams. Cook said he found no evidence that "any consideration passed to Wally Butts either directly or indirectly because of the transmittal of football information concerning the game."

The state investigation was ordered more than two weeks ago by Sanders after the Saturday Evening Post said Butts and Bryant rigged the game. Both men denied the accusations. Butts sued the Post for \$10 million in a libel action.

Sanders said the report would be filed in the minutes of the executive department and a copy sent to Commissioner Bernie Moore of the Southeastern Conference.

The governor said there would be no further state action since no violation of any criminal statute was indicated and Butts is no longer associated with the university. Butts resigned as athletic director in February.

Chisox Tell Early Wynn He's Too Old

TAMPA, Fla. (AP)—The Chicago White Sox broke the bad news to veteran right-hander Early Wynn Tuesday.

Sorry, they said, but we must make room for youth. But he may not be finished for good. Both the St. Louis Cardinals and Chicago Cubs are interested in him.

Wynn, at 43, was trying to work his way back on the White Sox roster. He was released last fall by the Sox so that he could negotiate for a front office job.

This failed to materialize. So old Gus, as he is known to his teammates, decided he wanted something more than just a job. Old Gus wanted to gain his 300th major league pitching victory.

The move by the Sox was somewhat surprising. The first time Wynn started this spring, working on the chance of making the team, he was bombed in one inning. Since then, he has pitched 13 innings, allowed 1 run and 2 hits.

Nevertheless, General Manager Ed Short told Wynn Tuesday morning that "we have to go with our young fellows."

Manager Al Lopez then started Wynn against Cincinnati so that old Gus might have another chance to impress the scouts in the stands. Old Gus set down the Reds on 2 hits while hurling 4 shutout innings.

Bob Friend of the Pirates and Bob Gibson of the Cardinals each had five shutouts during the 1962 season, high for the National League.

Palmer Eyed In Masters

Pennsylvanian Wins Nod of Ex-Champions

AUGUSTA, Ga. (AP)—Arnold Palmer, the "people's choice," also is the favorite of the exclusive set—the former Masters golf champions—to win the 27th annual classic opening Thursday over the breath-takingly beautiful Augusta National Course.

A poll of 14 former winners of the championship gave the muscular Pennsylvanian 10 winning votes. One of the four he didn't receive was cast by Palmer himself. His selection was Jack Nicklaus, his conqueror in a National Open playoff last year.

That, surprisingly, was the only first-place vote Big Jack garnered. The others went to Tony Lema, who came into his own last fall and currently rates No. 4 on the PGA official money list for this year with almost \$15,000 in winnings. Gene Littler, a former U.S. Open and amateur king and Don January, PGA playoff loser to Jerry Barber two summers ago.

Another eye-opener of the poll of past champions was the fact that Gary Player, the 1961 champion, did not receive a single first-place vote. The jaunty little South African wasn't overlooked completely. He won six votes for second place and two for third.

Nicklaus picked up five seconds and four thirds to complete the "big three's" domination of the balloting.

Washington (AP)—Two Ohio representatives figured prominently in the debate Tuesday when the House passed a \$928 million appropriation bill for the Interior Department.

Highest of the controversy was a \$10 million item calling for purchase of marsh land in Minnesota, North Dakota and South Dakota to provide a summer habitat for ducks.

Rep. Michael J. Kirwan, D-Ohio, probably carried the day for the sportsmen when he said: "A lot of folks back home voted for those ducks."

But Rep. Frank T. Bow, R-Ohio, chairman of the budget-cutting committee created by Republicans to lop money from administration requests, chimed in: "I hope when you sit in your duck blinds watching for a duck to fly off, you realize that each minute, \$19,000 is being paid on the national debt."

Finally, on a motion by Rep. Howard Smith, D-Va., the House decided by a single vote, 122-121, in favor of the ducks.

Seven members of Michigan State's gymnastic team come from Illinois.

Reserve Unit Victor over Teays Valley

The Circleville High School reserve baseball team won a 12-10 five-inning practice game yesterday, hosting the Teays Valley reserve nine.

Chester Hill was three-for-three at the plate for Circleville while Dave Iery hit safely twice in three trips to pace the young Tiger offense.

Rich Samuels and Hill handled the mound duties for Circleville. Another practice session is scheduled Thursday for the reserve unit. Jackson Twp. will furnish the competition at the Ted Lewis Park baseball diamond.

PAUL REISS, assistant CHS baseball coach, said present plans call for the reserve unit to schedule about two games a week.

He commented such a schedule will give plenty of experience to the Tiger jayvee unit. All team members will see ample action.

Mudcat Grant To Hurl Opener

FRESNO, Calif. (AP)—It now appears Jim (Mudcat) Grant will be Cleveland's opening day pitcher Tuesday in Minnesota.

Manager Birdie Tebbetts probably will follow with left-hander Sam McDowell against the Twins and save Dick Donovan for the home opener a week from Thursday against the Detroit Tigers.

Grant hurled four scoreless innings against the San Francisco Giants Tuesday. He permitted two hits but faced only the minimum 12 batters.

The Giants beat Cleveland 6-3 at Bakersfield on two-run homers by Willie Mays and Felipe Alou and Jim Davenport's two-run double.

McDowell was set to pitch in today's game against the Giants' Billy O'Dell.

Seven members of Michigan State's gymnastic team come from Illinois.

PLEASANT VIEW was runner up in the South Central League meet last year and actually led the Tiger golfers by seven strokes after the first nine holes. Bo Bricksels, golf coach there, reports he has three returnees from that team.

In early practice sessions this spring the starting foursome for Chillicothe has been consistently shooting near 80 while Chuck Smith, the "fifth man" on the team, steadily breaks 85.

Ransom noted there is a healthy situation existing this year with five men actually vying for starting berths. In the qualifying rounds for last night's meet Smith missed by only two strokes.

Coach Ransom said he intends to utilize younger boys on the team as much as possible.

Royals Given Edge in Tilt With Celtics

CINCINNATI (AP)—The Cincinnati Royals — whoever their owner might be—have a definite edge in their playoff game tonight against the Boston Celtics.

The Royals have won two of three games so far in the best-of-seven series with the National Basketball Association's Eastern Division champs. Another victory tonight and the Celtics would have to win three straight games to get another crack at the NBA championship.

Tonight's game will take place on neutral ground — the Xavier University Fieldhouse. Cincinnati Gardens, the Royals' home court, is tied up with a circus.

Last Friday, Louis Jacobs, a millionaire concessions operator from Buffalo, N.Y., announced he had bought a majority interest in both the Royals and the Gardens.

On Monday, business executive Warren Hensel said he and Jacobs had worked out a deal. Hensel, a Cincinnati, had been a minority stockholder. Jacobs' office confirmed Tuesday that a "general agreement in principle" to sell the stock to Hensel had been reached.

The sale would be subject to approval by the NBA board of governors, which meets next on April 30. Maurice Podoloff, NBA president, said the governors have not approved the sale to Jacobs and "until that is approved, no action by Jacobs has any validity."

Mike McCormick was the only San Francisco Giants pitcher to hit a home run during the 1962 season.

BO IS HER BEAU—Engagement of Bo Belinsky, the Los Angeles Angels' pitcher who has made news on and off the diamond, and Mamie Van Doren, the Hollywood actress, has been confirmed by both. Belinsky is 26, Miss Van Doren, 30. She has been married twice before.

Lawyers for Bryant, Butts Rap Georgia State Attorney

ATLANTA (AP)—Atty. Gen. Eugene Cook has concluded after a state investigation that Wallace Butts, who for 22 years coached football at the University of Georgia, divulged vital team information to Coach Paul Bryant of the University of Alabama prior to last fall's game between the two schools.

Cook's findings, made public Tuesday by Gov. Carl E. Sanders, stirred sharp attacks from attorneys for Butts and Bryant. The lawyers said Cook's conclusions were unwarranted, inaccurate and in some instances untrue.

As the Georgia report was released, NCAA President Robert F. Ray said a preliminary inquiry indicated possible violations of the rules of the National Collegiate Athletic Association. Investigations also are under way by an Alabama legislative committee, a U.S. Senate group and the Southeastern Conference.

In his lengthy report, Cook concluded the information given by Butts "was unethical and improper, and unprofessional, and that the furnishing of such information might have vitally affected the outcome of the game in points and margin of victory."

Alabama won 35-0 in the Sept. 22 opener for both teams.

Cook said he found no evidence that "any consideration passed to Wally Butts either directly or indirectly because of the transmittal of football information concerning the game."

The state investigation was ordered more than two weeks ago by Sanders after the Saturday Evening Post said Butts and Bryant rigged the game. Both men denied the accusations. Butts sued the Post for \$10 million in a libel action.

Sanders said the report would be filed in the minutes of the executive department and a copy sent to Commissioner Bernie Moore of the Southeastern Conference.

The governor said there would be no further state action since no violation of any criminal

statute was indicated and Butts is no longer associated with the university. Butts resigned as athletic director in February.

Chisox Tell Early Wynn He's Too Old

TAMPA, Fla. (AP)—The Chicago White Sox broke the bad news to veteran righthander Early Wynn Tuesday.

Sorry, they said, but we must make room for youth. But he may not be finished for good. Both the St. Louis Cardinals and Chicago Cubs are interested in him.

Wynn, at 43, was trying to work his way back on the White Sox roster. He was released last fall by the Sox so that he could negotiate for a front office job.

This failed to materialize. So old Gus, as he is known to his teammates, decided he wanted something more than just a job. Old Gus wanted to gain his 300th major league pitching victory.

The move by the Sox was somewhat surprising. The first time Wynn started this spring, working on the chance of making the team, he was bombed in one inning. Since then, he has pitched 13 innings, allowed 1 run and 2 hits.

Nevertheless, General Manager Ed Short told Wynn Tuesday morning that "we have to go with our young fellows."

Manager Al Lopez then started Wynn against Cincinnati so that old Gus might have another chance to impress the scouts in the stands. Old Gus set down the Reds on 2 hits while hurling 4 shutout innings.

Bob Friend of the Pirates and Bob Gibson of the Cardinals each had five shutouts during the 1962 season, high for the National League.

Palmer Eyed In Masters

Pennsylvanian Wins Nod of Ex-Champions

AUGUSTA, Ga. (AP)—Arnold Palmer, the "people's choice," also is the favorite of the exclusive set—the former Masters golf champions—to win the 27th annual classic opening Thursday over the breath-takingly beautiful Augusta National Course.

A poll of 14 former winners of the championship gave the muscular Pennsylvanian 10 winning votes. One of the four he didn't receive was cast by Palmer himself. His selection was Jack Nicklaus, his conqueror in a National Open playoff last year.

That, surprisingly, was the only first-place vote big Jack garnered. The others went to Tony Lema, who came into his own last fall and currently rates No. 4 on the PGA official money list for this year with almost \$15,000 in winnings, Gene Littler, a former U.S. Open and amateur king and Don January, PGA playoff loser to Jerry Barber two summers ago.

Another eye-opener of the poll of past champions was the fact that Gary Player, the 1961 champion, did not receive a single first-place vote. The jaunty little South African wasn't overlooked completely. He won six votes for second place and two for third.

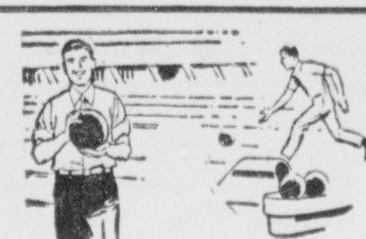

Nicklaus picked up five seconds and four thirds to complete the "big three's" domination of the balloting.

Toledo U Hires New Grid Coach

TOLEDO, Ohio (AP)—The new head football coach at the University of Toledo is a defensive specialist who has served under some of the nation's best known coaches.

Frank X. Lauterbur, 37, was named to the \$11,500-a-year post Tuesday, succeeding Clive Rush who resigned in a dispute with Athletic Director Jim Long.

Lauterbur started coaching at Wickliffe High School in 1949 and moved to Cleveland Collinwood High the next year. He was on the Kent State coaching staff before moving into the professional ranks in 1955 as a defensive line coach under Wilbur (Weeb) Ewbank of the Baltimore Colts. He went to Army in 1957 as assistant to Earl Blaik, later to Pittsburgh under John Michelosen.

Ohio Solons Debate Ducks; Ducks Win

WASHINGTON (AP)—Two Ohio representatives figured prominently in the debate Tuesday when the House passed a \$928 million appropriation bill for the Interior Department.

Highest of the controversy was a \$10 million item calling for purchase of marsh land in Minnesota, North Dakota and South Dakota to provide a summer habitat for ducks.

Rep. Michael J. Kirwan, D-Ohio, probably carried the day for the sportsmen when he said: "A lot of folks back home voted for those ducks."

But Rep. Frank T. Bow, R-Ohio, chairman of the budget-cutting committee created by Republicans to lop money from administration requests, chimed in:

"I hope when you sit in your duck blinds watching for a duck to fly by, you realize that each minute, \$19,000 is being paid on the national debt."

Finally, on a motion by Rep. Howard Smith, D-Va., the House decided by a single vote, 122-121, in favor of the ducks.

Reserve Unit Victor over Teays Valley

The Circleville High School reserve baseball team won a 12-10 five-inning practice game yesterday, hosting the Teays Valley reserve nine.

Chester Hill was three-for-three at the plate for Circleville while Dave Iery hit safely twice in three trips to pace the young Tiger offense.

Rich Samuels and Hill handled the mound duties for Circleville. Another practice session is scheduled Thursday for the reserve unit. Jackson Twp. will furnish the competition at the Ted Lewis Park baseball diamond.

PAUL REISS, assistant CHS baseball coach, said present plans call for the reserve unit to schedule about two games a week.

He commented such a schedule will give plenty of experience to the Tiger jayvee unit. All team members will see ample action.

Mudcat Grant

To Hurl Opener

FRESNO, Calif. (AP)—It now appears Jim (Mudcat) Grant will be Cleveland's opening day pitcher Tuesday in Minnesota.

Manager Birdie Tebbetts probably will follow with left-hander Sam McDowell against the Twins and save Dick Donovan for the home opener a week from Thursday against the Detroit Tigers.

Grant hurled four scoreless innings against the San Francisco Giants Tuesday. He permitted two hits but faced only the minimum 12 batters.

The Giants beat Cleveland 6-3 at Bakersfield on two-run homers by Willie Mays and Felipe Alou and Jim Davenport's two-run double.

McDowell was set to pitch in today's game against the Giants' Billy O'Dell.

Seven members of Michigan State's gymnastic team come from Illinois.

O'Toole Seeks, Gets Cincinnati Starter Role

**Cocky Leftlander
Runs Scoreless
Innings to 22 Total**

By THE ASSOCIATED PRESS
Jim O'Toole is no magician, but with a little assist from a nail clipper, the cocky Cincinnati left-hander has been pulling goose eggs out of a hat.

O'Toole stretched his string of scoreless innings to 22 Tuesday, holding the Chicago White Sox to two singles in an eight-inning prep for his opening day pitching assignment as the Reds posted a 7-0 victory in an exhibition game at Tampa.

And O'Toole, who publicly stated he was out to get next Monday's opening day assignment and got it, gives much of the credit to the little nail clipper that has been constantly in his hip pocket since the spring training grind began.

The 26-year-old southpaw says an ingrown nail hampered his effectiveness last spring and resulted in a slow start that held him to a 16-13 record after he compiled a 19-9 mark in 1961. O'Toole vowed to keep the nail clipped, and has been doing the same to the batters.

While O'Toole continued to shine, somewhat alleviating the problem caused by Bob Purkey's inability to pitch because of an ailing right shoulder, outfielder Vada Pinson again powered the ball in his bid to get ready for opening day.

Pinson underwent an emergency appendectomy Feb. 19, began working out March 22 and returned to action Saturday. Tuesday he smashed a two-run triple in support of O'Toole. Pinson had collected two doubles Monday and now is 5-for-16 with five runs batted in.

The Reds belted 14 hits against Joel Horlen, Mike Joyce and Early Wynn, who was notified by the White Sox after the game that he could not be carried on the roster. Wynn, seeking a chance to get his 300th victory, had been working out without a contract.

In other Florida games, Kansas City shut out Detroit 4-0 at Bradenton, the New York Yankees belted Philadelphia 6-2 at Clearwater, Milwaukee defeated Minnesota 5-1 at Orlando, Baltimore walloped Washington 9-2 at Pompano Beach and the New York Mets edged St. Louis 7-6 at St. Petersburg.

Elsewhere, San Francisco knocked off Cleveland 6-3 at Bakersfield, Houston thumped the Los Angeles Angels 9-5 at San Jose, Boston edged the Chicago Cubs 2-1 at San Bernardino and the Los Angeles Dodgers blanked the University of New Mexico 4-0.

Ted Bowfield and Ed Rakow combined for a four-hitter that got the job done against the Tigers while Haywood Sullivan led the A's attack with a double, two singles and three runs batted in. Jack Reed hit a grand-slam homer and Joe Pepitone connected for his ninth homer of the spring as the Yankees overpowered the Phillies.

Warren Spahn held the Twins to six hits in a nine-inning performance after the Braves put it out of reach in the first inning on Lee Maye's homer and a three-run double by Joe Torre. Louis Aparicio hit a grand slam and Dick Brown a solo shot as the Orioles bopped the Senators.

Pinch hitter Ron Hunt's single drove in the clincher as the Mets rallied for five runs in the eighth

Giants Provide Fuzzy Image Of Gridders Playing Basketball

NEW YORK (AP)—Watching the New York Giants on a hardwood floor aiming a round ball at an elusive hoop is a puzzle.

The Giants give a clear-cut portrayal of a basketball team playing football and a fuzzier image of a football squad playing basketball.

To nobody's surprise the football personalities of the Giants come through their basketball disguises like Groucho Marx's mustache.

Rosey Grier is still 300 pounds of immovable man, whether he has the ball or somebody else is grasping it. Dick Lynch is a hawk-eyed defender. Jim Katavague is barely and quick but something less than finesseful when he has the ball in his large paws. Tom Scott is a mixer. Joe Walton elarts about like an end trying to shake himself loose. Charlie Janette is a well-coordinated big man. The star of the team is the unobtrusive defensive halfback, Dick Pesonen, who flicks the ball through the hoop almost with an apologetic air of a defensive man who shouldn't be scoring.

The Giants played the Philadelphia Eagles' basketball team the other evening at Seton Hall University in New Jersey and lost by an estimated score of 69-54. It was a trifle difficult to be certain about the count. In the last minute of play each team had nine men on the floor and there were three basketballs flying around the premises. A charitable scorer posted the final count as 69-69. The darling of the crowd was Grier, a native of New Jersey.

Pete Runnels, the 1962 American League batting champ with the Boston Red Sox, batted .378 in night games and only .287 in day contests.

Hank Aaron of the Milwaukee Braves hit safely in 25 consecutive games during the 1962 season, the longest batting streak of the year in the National League.

O'Toole Seeks, Gets Cincinnati Starter Role

Cocky Lefthander Runs Scoreless Innings to 22 Total

By THE ASSOCIATED PRESS
Jim O'Toole is no magician, but with a little assist from a nail clipper, the cocky Cincinnati left-hander has been pulling goose eggs out of a hat.

O'Toole stretched his string of scoreless innings to 22 Tuesday, holding the Chicago White Sox to two singles in an eight-inning prep for his opening day pitching assignment as the Reds posted a 7-0 victory in an exhibition game at Tampa.

And O'Toole, who publicly stated he was out to get next Monday's opening day assignment and got it, gives much of the credit to the little nail clipper that has been constantly in his hip pocket since the spring training grind began.

The 26-year-old southpaw says an ingrown nail hampered his effectiveness last spring and resulted in a slow start that held him to a 16-13 record after he compiled a 19-9 mark in 1961. O'Toole vowed to keep the nail clipped, and has been doing the same to the batters.

While O'Toole continued to shine, somewhat alleviating the problem caused by Bob Purkey's inability to pitch because of an ailing right shoulder, outfielder Vada Pinson again powered the ball in his bid to get ready for opening day.

Pinson underwent an emergency appendectomy Feb. 19, began working out March 22 and returned to action Saturday. Tuesday he smashed a two-run triple in support of O'Toole. Pinson had collected two doubles Monday and now is 5-for-16 with five runs batted in.

The Reds belted 14 hits against Joel Horlen, Mike Joyce and Earlly Wynn, who was notified by the White Sox after the game that he could not be carried on the roster. Wynn, seeking a chance to get his 300th victory, had been working out without a contract.

In other Florida games, Kansas City shut out Detroit 4-0 at Bradenton, the New York Yankees belted Philadelphia 6-2 at Clearwater, Milwaukee defeated Minnesota 5-1 at Orlando, Baltimore walloped Washington 9-2 at Pompano Beach and the New York Mets edged St. Louis 7-6 at St. Petersburg.

Elsewhere, San Francisco knocked off Cleveland 6-3 at Bakersfield, Houston thumped the Los Angeles Angels 9-5 at San Jose, Boston edged the Chicago Cubs 2-1 at San Bernardino and the Los Angeles Dodgers blanked the University of New Mexico 4-0.

Ted Bowfield and Ed Rakow combined for a four-hitter that got the job done against the Tigers while Haywood Sullivan led the A's attack with a double, two singles and three runs batted in. Jack Reed hit a grand-slam homer and Joe Pepitone connected for his ninth homer of the spring as the Yankees overpowered the Phillies.

Warren Spahn held the Twins to six hits in a nine-inning performance after the Braves put it out of reach in the first inning on Lee Maye's homer and a three-run double by Joe Torre. Louis Aparicio hit a grand slam and Dick Brown a solo shot as the Orioles bopped the Senators.

Giants Provide Fuzzy Image Of Gridders Playing Basketball

NEW YORK (AP)—Watching the New York Giants on a hard-wood floor aiming a round ball at an elusive hoop is a puzzle.

The Giants give a clear-cut portrayal of a basketball team playing football and a fuzzier image of a football squad playing basketball.

To nobody's surprise the football personalities of the Giants come through their basketball disguises like Groucho Marx's mustache.

Rosey Grier is still 300 pounds of immovable man, whether he has the ball or somebody else is grasping it. Dick Lynch is a hawk-eyed defender. Jim Katavague is bariy and quick but something less than finessful when he has the ball in his large paws. Tom Scott is a mixer. Joe Walton darts about like an end trying to shake himself loose. Charlie Janerette is a well-coordinated big man. The star of the team is the unobtrusive defensive halfback, Dick Peterson, who flicks the ball through the hoop almost with an apologetic air of a defensive man who shouldn't be scoring.

The Giants played the Philadelphia Eagles' basketball team the other evening at Selon Hall University in New Jersey and lost by an estimated score of 69-54. It was a trifle difficult to be certain about the count. In the last minute of play each team had nine men on the floor and there were three basketballs flying around the premises. A charitable scorer posted the final count as 69-69.

The darling of the crowd was Grier, a native of New Jersey.

Rosey is 6-foot-5 and weighs 300 evenly distributed pounds. He is 100 pounds from the waist up, 100 from the waist down and 100 around the waist.

Grier entertained at halftime with some songs, accompanying himself on the guitar. He sang his own composition entitled "Why". It was difficult to grasp the answer due to the blurred acoustics. Rosey actually has a strong and pleasing voice and a professional approach. He also has a sense of humor.

The Eagles have a well-drilled basketball team—for a football team. They have played 40 games since the football season ended, which should qualify them for honorary membership in the NBA.

Tim Brown is the star, a clever dribbler and a deadly shooter from the corner. Frank Budd, one of the world's fastest humans, is a fine player and a brilliant rebounder. Dick Lucas has a casual but effective hook shot.

At the end of 40 minutes of hard-running basketball all hands were puffing but there were no broken bones. That's the difference between basketball and football.

Pete Rannels, the 1962 American League batting champ with the Boston Red Sox, batted .378 in night games and only .287 in day contests.

Hank Aaron of the Milwaukee Braves hit safely in 25 consecutive games during the 1962 season, the longest batting streak of the year in the National League.

Today in Washington

WASHINGTON (AP) — In the news from Washington:

CITIZEN CHURCHILL: Congress has approved U.S. citizenship for Sir Winston Churchill and plans are being made for a transatlantic televising of the formal event next week.

The Senate voted citizenship Tuesday, following up the House's action last month. Officials said President Kennedy will sign the measure at 4:30 p.m. EST next Tuesday in the White House rose garden. The former British prime minister, too ailing to come to the United States to accept, will be able to witness the event on live television via the Relay communications satellite. The ceremony will be televised by American networks, too.

The Senate action marked the first time Congress has formally granted U.S. citizenship to a foreign leader.

KENNEDY-CIVIL RIGHTS: The Kennedy administration has sent its civil rights legislation proposals to Congress. Atty. Gen. Robert F. Kennedy calls it a "do it now" program aimed at speeding up registration of Negro voters.

President Kennedy outlined the program to Congress in a February message. His brother described the legislation to newsmen Tuesday. It includes the proposal to substitute a sixth-grade education for literacy tests as a requirement for voting in federal elections which was blocked in the Senate last year.

Another proposal: temporary referees to pass on the qualifications of Negro applicants in any county in which anti-discrimination voting suits are pending and in which less than 15 per cent of the Negroes old enough to vote have been registered.

NEW MINUTEMAN: The Air Force says it is developing a new Minuteman missile with four times the present ability to destroy underground enemy missile sites. It hopes to have the new weapon operational by 1965.

The Air Force said Tuesday the improved Minuteman will have a refined guidance system with accuracy against a hardened target "such that two improved Minutemen would insure a desired probability of kill rather than eight of the other type."

HARD BARGAINING: Secretary of Commerce Luther H. Hodges says the United States may have to take a tougher line on European industrial exports if the European Common Market doesn't relax restrictions on U.S. farm goods.

He told a news conference Tuesday that U.S. tariff negotiators may reach the point of "not giving in on industrial products without getting returns on agricultural products."

WORKING WOMEN: The Labor Department says women's share in the U.S. work force has risen to its highest peacetime level, 34 per cent, and it still is rising.

The department reported Tuesday in its "Handbook on Women Workers" that there now are more than 24 million women employed, that in nearly one third of all married couples both husband and wife bring home paychecks, almost triple the 1940 percentage, and fulltime working wives contribute 35 to 40 per cent of family income.

GOVERNMENT PAYROLL: Civilian employees of federal executive agencies totaled 2,483,511 in February, an increase of 5,571 over the previous month, a Senate-House committee reported today.

City Council Approves Three Resolutions

Legislation in City Council last night included the adoption of three resolutions concerning curbs and gutters, installation of gas lights and approval of a performance bond.

The curbs and gutters were deemed necessary on Markley Drive and Circle Drive. The facilities will be erected on both sides and the entire length of both streets.

The project was earmarked in earlier legislation approved by Council. Property owners involved may pay for the construction outright or absorb the cost through assessments.

According to Service Director Ronald Sharrett, the width of both streets will remain about the same.

A SECOND resolution provided for the installation of two gas lights at each of six entrances leading to Garden City from Nicholas Drive at city expense. The lights will serve the same purpose as electric lights provided and maintained by the city in other sections.

The city also will pay for gas consumed by the lights in the same fashion the cost of electric street lights is handled.

A third resolution authorized the Knollwood Development Co. to develop 11 lots in section 3B of the Garden City Subdivision. A performance bond of \$8,500 was posted to the satisfaction of the City Service Director and Council.

Braves Down Jackson, 8-4

The Logan Elm baseball team backed sophomore pitcher Jeff Lutz with eight runs on 10 hits to give the Braves an 8-4 Pickaway County League win over Jackson yesterday on the loser's diamond.

Lutz worked the entire seven innings for the winners, fanning 12 and allowing six hits. He also batted the longest blow of the game, a triple.

Bob Parker and Jim Harrall paced the winners at the plate, each hitting two for five.

Southpaw Ed Martindale started for Jackson, fanning seven in four and two-thirds innings. O'Dell relieved him in the fifth inning and finished the game.

Bruce List hit safely twice in for trips for Jackson.

Thursday Logan Elm hosts Williamsport in a county league tilt while Jackson plays a practice game with the Circleville reserve unit at Ted Lewis Park.

Berger Hospital News

ADMISSIONS
Rhonda Lou Hardbarger, daughter of Mr. and Mrs. Delbert Hardbarger, 446 E. Ohio St. tonsillectomy.

Mrs. Franklin D. Stevens, 345 Brown, medical.

DISMISSALS
Mrs. Russell Smith and daughter, 1079 Georgia Road.
Mark E. Martin, Route 1.
James E. Moats, Route 2.

Methodist Group Has Dinner Meet

The Five Points Methodist Social Hour Club met Friday evening in the church basement with fourteen members attending. A covered dish supper preceded them eating.

Mrs. Elbee Jones, president, opened the meeting with scripture reading followed by meditation. Mrs. Francis Furniss, secretary, read thank you notes from Artie Dick, Joan Dawson, Mrs. Kenneth Redman and Mr. and Mrs. Richard Sommers. Mrs. Ned Long read the treasurer's report and plans were made to hold an Easter Market on April 12 in Circleville. All members of the church are urged to donate.

The meeting closed with the Lord's Prayer.
Mr. and Mrs. Francis Furniss were hostesses for the evening.

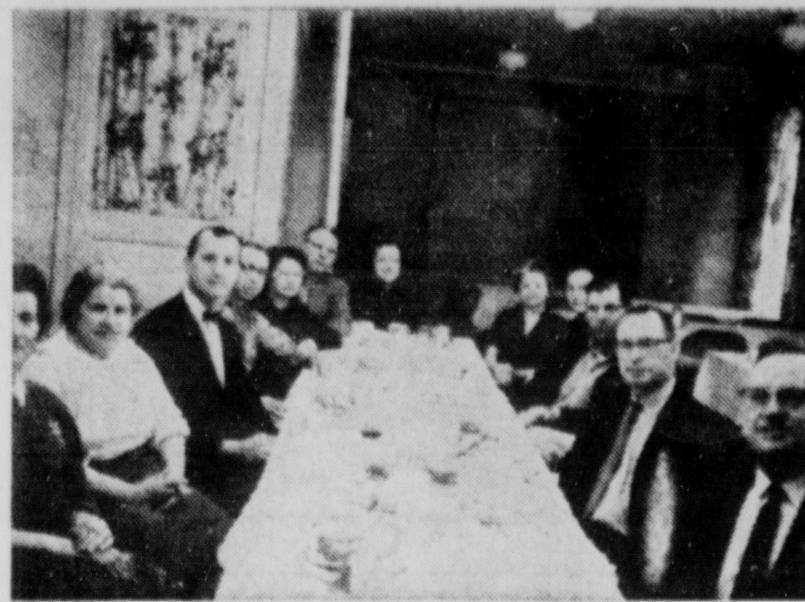

Services Slated Today

Lenten Services will be held at Trinity Lutheran Church 7:30 p.m. today. The sermon topic will be, "Challenge of the Cross."

Music will be presented by the Circleville High School Triple Trio.

Washer Causes Injury

A washing machine was the source of injury yesterday for Margaret Shull, 34, of Route 2. She received emergency aid at Berger Hospital for a laceration to her right hand. She was released.

AT EARLY MORNING SESSION — These members of a Crusade Executive Committee met 6:30 a. m. today for a breakfast session to lay plans for the First Methodist Church Christian Progress Crusade. From the left are Mrs. E. R. Bennett, Mrs. Martha Poling, J. J. Sweeney, Robert Johnson, Mrs. Robert Burton, Dwight Steele, Mrs. Roliff Wolford, Mrs. Margaret Johnson, Mrs. Boyd Stout, Don Archer, Robert Burton and the Rev. Paul Wachs.

Methodist Committee Meets Early To Plan for Crusade

Twelve wide awake Methodists gathered at a downtown restaurant at 6:30 a. m. today for the first of several weekly meetings which will launch the First Methodist's Christian Progress Crusade.

With a goal of \$200,000, the drive will combine funds for an addition to the church, improvement of present facilities and the annual budget.

Taking part in the breakfast meeting at Odra's Restaurant were members of the Crusade Executive Committee. They are: Robert Johnson, general chairman; Robert Burton, building committee chairman; Mrs. E. R. Bennett, crusade secretary; Mrs. Sterling Poling, publicity; J. J.

Sweeney, visitations chairman; Mrs. Robert Burton, crusade financial secretary; Dwight Steele, co-chairman for special gifts; Mrs. Boyd Stout and Mrs. Roliff Wolford, co-chairmen for food and fellowship; Mrs. Margaret Johnson, church secretary; Don Archer, prayer committee; and the Rev. Paul Wachs.

Unable to attend the session were Dr. W. Lloyd Sprouse, prayer chairman, and J. L. Chilcote, co-chairman for special gifts.

The Crusade Executive Committee will continue to meet for weekly breakfast sessions at 6:30 a. m. until the actual crusade is conducted on May 26.

Plat for New Subdivision Submitted for Council Study

A preliminary plat outlining a proposed new subdivision along Nicholas Drive was submitted last night for City Council study.

The subdivision, proposed by Dale Ankrum of Route 1, is situated along the east side of Nicholas Drive. It covers a little more than 72 acres and extends northward from the vicinity of Nicholas Drive School to property owned by Ray Rader.

According to the preliminary drawing, the subdivision would include 74 lots.

No official Council action was taken on the proposal. Members indicated they would await an official recommendation from the City Planning and Zoning Commission which already has viewed the plat.

IN OTHER business, the solons conducted a review of the proposed Northend Storm Sewer project. Council currently is awaiting the preparation of legislation by a Cleveland legal advising firm.

Mayor Richard Penn requested that local personnel be authorized to prepare appropriate assessment rosters in an effort to speed up the project and save time when the legislation is received here. Council gave verbal approval to this plan.

Plans for the project, drawn by Burgess and Niple of Columbus, estimate total cost at around \$185,000. The city's share has been estimated at \$21,568.

The new system would service areas in the northend not already benefitted by present facilities. Tentative assessments have not been computed to date.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP)—Ohio Dept. of Agri. cash grain prices: No 2 red wheat mostly unchanged 1.91-1.98, mostly 1.92-1.93; No 2 yellow corn mostly unchanged or 57-1.68 per 100 lbs, mostly 1.60-1.63; No 2 oats mostly unchanged 65-75, mostly 67-72; No 1 soybeans mostly 1-2 lower 2.49-2.56, mostly 2.50-2.53.

Local Area Businessmen To Get Government Purchasing Info

An opportunity to share in the multi-million dollar Federal procurement program will be offered to small business firms in Central Ohio on Tuesday and Wednesday, according to an announcement directed to the Circleville Area Chamber of Commerce.

Representatives of the U. S. Air Force, U. S. Army, National Aeronautics and Space Agency, and the comparatively new Defense Supply Agency will be at the Nationwide Inn, Columbus, to offer first hand information concerning the hundreds of items and services which the Government is seeking to purchase.

The following business specialists will be on hand all day Tuesday and until noon Wednesday for private consultation to discuss Government bidding opportunities and procedures, current invitations for bid, and all other phases of the procurement program: Clifford Newell, Army Procurement District, Cleveland; Norman C. Prast, NASA Lewis Propulsion Lab,

Cleveland; Ralph Saeger, Defense Construction Supply Center, Columbus; Paul E. Birkhold, Air Force Contract Management District, Dayton.

Mrs. Bennet emphasized the fact that many of the varied commodities and services procured regularly by the Air Force, Army, NASA and other Federal agencies could be furnished by local area firms if they have an interest and know what is required.

Advance appointments for interviews are not required. Further details may be obtained from the local Chamber of Commerce office.

Darby Drops 5-1 Contest

Darby dropped a 5-1 decision to The Plains yesterday at Mt. Sterling in the initial start of the baseball season for both teams.

The Trojans fell behind in the first inning when the host team scored three runs on two walks, one hit and an error. The losers scored on a walk and an error in the first.

Danny Bowen started for Darby. He permitted four bases on balls, allowed one hit and fanned five in three innings. Dave Rowland relieving in the fourth, walked two, gave up one hit and fanned three.

The Plains used four pitchers. Thursday the Trojans begin their county league schedule, hosting a tough Monroe nine.

Zanesville Industrial Development Pushed

ZANESVILLE, Ohio (AP) — Zanesville opens a month-long drive to raise \$600,000 for an industrial development fund Friday with a 55-mile relay marathon run to Columbus.

The runners will carry a torch to the Capitol to symbolize the state of the industrial progress in this Muskingum County seat and for Ohio.

Civic leaders here have spent more than six months setting up the drive to establish a fund which will be available to assist new industries in moving here.

Home and Hospital Board To Meet Monday

The Board of Managers of Circleville Home and Hospital will meet 2:30 p. m. Monday in the home of Miss Mary Heffner, 154 E. Mound St.

Today in Washington

WASHINGTON (AP) — In the news from Washington:

CITIZEN CHURCHILL: Congress has approved U.S. citizenship for Sir Winston Churchill and plans are being made for a transatlantic televising of the formal event next week.

The Senate voted citizenship Tuesday, following up the House's action last month. Officials said President Kennedy will sign the measure at 4:30 p.m. EST next Tuesday in the White House rose garden. The former British prime minister, too ailing to come to the United States to accept, will be able to witness the event on live television via the Relay communications satellite. The ceremony will be televised by American networks, too.

City Council Approves Three Resolutions

Legislation in City Council last night included the adoption of three resolutions concerning curbs and gutters, installation of gas lights and approval of a performance bond.

The curbs and gutters were deemed necessary on Markley Drive and Circle Drive. The facilities will be erected on both sides and the entire length of both streets.

The project was earmarked in earlier legislation approved by Council. Property owners involved may pay for the construction outright or absorb the cost through assessments.

According to Service Director Ronald Sharrett, the width of both streets will remain about the same.

A SECOND resolution provided for the installation of two gas lights at each of six entrances leading to Garden City from Nicholas Drive at city expense. The lights will serve the same purpose as electric lights provided and maintained by the city in other sections.

The city also will pay for gas consumed by the lights in the same fashion the cost of electric street lights is handled.

A third resolution authorized the Knollwood Development Co. to develop 11 lots in section 3B of the Garden City Subdivision. A performance bond of \$8,500 was posted to the satisfaction of the City Service Director and Council.

Braves Down Jackson, 8-4

The Logan Elm baseball team backed sophomore pitcher Jeff Lutz with eight runs on 10 hits to give the Braves an 8-4 Pickaway County League win over Jackson yesterday on the loser's diamond.

Lutz worked the entire seven innings for the winners, fanning 12 and allowing six hits. He also banded the longest blow of the game, a triple.

Bob Parker and Jim Harrall paced the winners at the plate, each hitting two for five.

Southpaw Ed Martindale started for Jackson, fanning seven in four and two-thirds innings. O'Dell relieved him in the fifth inning and finished the game.

Bruce List hit safely twice in for trips for Jackson.

Thursday Logan Elm hosts Williamsport in a county league tilt while Jackson plays a practice game with the Circleville reserve unit at Ted Lewis Park.

Berger Hospital News

ADMISSIONS

Rhonda Lou Hardbarger, daughter of Mr. and Mrs. Delbert Hardbarger, 446 E. Ohio St. tonsillectomy.

Mrs. Franklin D. Stevens, 345 Brown, medical.

DISMISSALS

Mrs. Russell Smith and daughter, 1079 Georgia Road.

Mark E. Martin, Route 1.

James E. Moats, Route 2.

The Senate action marked the first time Congress has formally granted U.S. citizenship to a foreign leader.

KENNEDY-CIVIL RIGHTS: The Kennedy administration has sent its civil rights legislation proposals to Congress. Atty. Gen. Robert F. Kennedy calls it a "do it now" program aimed at speeding up registration of Negro voters.

President Kennedy outlined the program to Congress in a February message. His brother described the legislation to newsmen Tuesday. It includes the proposal to substitute a sixth-grade education for literacy tests as a requirement for voting in federal elections which was blocked in the Senate last year.

Another proposal: temporary referees to pass on the qualifications of Negro applicants in any county in which anti-discrimination voting suits are pending and in which less than 15 per cent of the Negroes old enough to vote have been registered.

NEW MINUTEMAN: The Air Force says it is developing a new Minuteman missile with four times the present ability to destroy underground enemy missile sites. It hopes to have the new weapon operational by 1965.

The Air Force said Tuesday the improved Minuteman will have a refined guidance system with accuracy against a hardened target "such that two improved Minutemen would insure a desired probability of kill rather than eight of the other type."

HARD BARGAINING: Secretary of Commerce Luther H. Hodges says the United States may have to take a tougher line on European industrial exports if the European Common Market doesn't relax restrictions on U.S. farm goods.

He told a news conference Tuesday that U.S. tariff negotiators may reach the point of "not giving in on industrial products without getting returns on agricultural products."

WORKING WOMEN: The Labor Department says women's share in the U.S. work force has risen to its highest peacetime level, 34 per cent, and it still is rising.

The department reported Tuesday in its "Handbook on Women Workers" that there now are more than 24 million women employed, that in nearly one third of all married couples both husband and wife bring home paychecks, almost triple the 1940 percentage, and fulltime working wives contribute 35 to 40 per cent of family income.

GOVERNMENT PAYROLL: Civilian employees of federal executive agencies totaled 2,483,511 in February, an increase of 5,571 over the previous month, a Senate-House committee reported today.

Methodist Group Has Dinner Meet

The Five Points Methodist Social Hour Club met Friday evening in the church basement with fourteen members attending. A covered dish supper preceded them eating.

Mrs. Elbee Jones, president, opened the meeting with scripture reading followed by meditation. Mrs. Francis Furniss, secretary, read thank you notes from Artie Dick, Joan Dawson, Mrs. Kenneth Redman and Mr. and Mrs. Richard Sommers. Mrs. Ned Long read the treasurer's report and plans were made to hold an Easter Market on April 12 in Circleville. All members of the church are urged to donate.

The meeting closed with the Lord's Prayer.

Mr. and Mrs. Francis Furniss were hostesses for the evening.

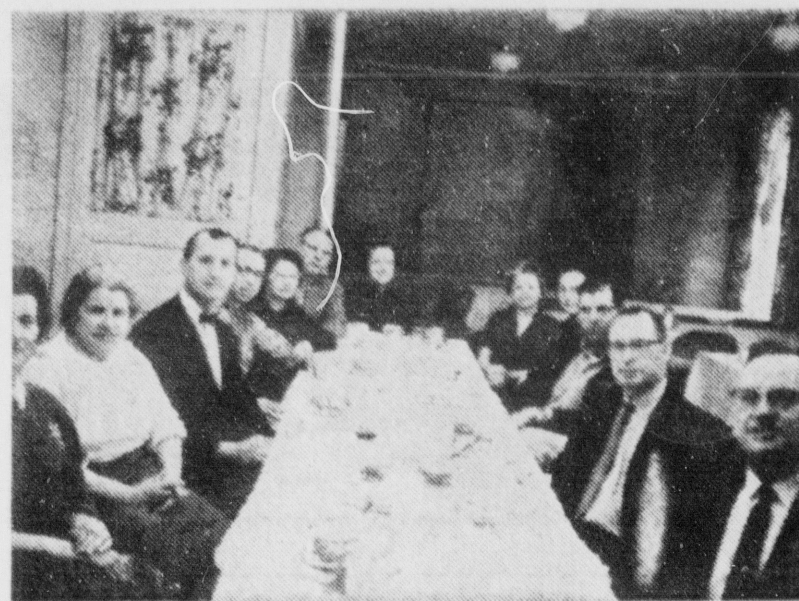

Services Slated Today

Lenten Services will be held at Trinity Lutheran Church 7:30 p.m. today. The sermon topic will be, "Challenge of the Cross."

Music will be presented by the Circleville High School Triple Trio.

Washer Causes Injury

A washing machine was the source of injury yesterday for Margaret Shull, 34, of Route 2. She received emergency aid at Berger Hospital for a laceration to her right hand. She was released.

AT EARLY MORNING SESSION — These members of a Crusade Executive Committee met 6:30 a. m. today for a breakfast session to lay plans for the First Methodist Church Christian Progress Crusade. From the left are Mrs. E. R. Bennett, Mrs. Martha Poling, J. J. Sweeney, Robert Johnson, Mrs. Robert Burton, Dwight Steele, J. J. Roliff, Mrs. Margaret Johnson, Mrs. Boyd Stout, Don Archer, Robert Burton and the Rev. Paul Wachs.

Methodist Committee Meets Early To Plan for Crusade

Twelve wide awake Methodists gathered at a downtown restaurant at 6:30 a. m. today for the first of several weekly meetings which will launch the First Methodist's Christian Progress Crusade.

With a goal of \$200,000, the drive will combine funds for an addition to the church, improvement of present facilities and the annual budget.

Taking part in the breakfast meeting at Odra's Restaurant were members of the Crusade Executive Committee. They are: Robert Johnson, general chairman; Robert Burton, building committee chairman; Mrs. E. R. Bennett, crusade secretary; Mrs. Sterling Poling, publicity; J. J.

Sweeney, visitations chairman; Mrs. Robert Burton, crusade financial secretary; Dwight Steele, co-chairman for special gifts; Mrs. Boyd Stout and Mrs. Roliff Wolford, co-chairmen for food and fellowship; Mrs. Margaret Johnson, church secretary; Don Archer, prayer committee; and the Rev. Paul Wachs.

Unable to attend the session were Dr. W. Lloyd Sprouse, prayer chairman, and J. L. Chilcote, co-chairman for special gifts.

The Crusade Executive Committee will continue to meet for weekly breakfast sessions at 6:30 a. m. until the actual crusade is conducted on May 26.

Plat for New Subdivision Submitted for Council Study

A preliminary plat out lining a proposed new subdivision along Nicholas Drive was submitted last night for City Council study.

The subdivision, proposed by Dale Ankrom of Route 1, is situated along the east side of Nicholas Drive. It covers a little more than 72 acres and extends northward from the vicinity of Nicholas Drive School to property owned by Ray Rader.

According to the preliminary drawing, the subdivision would include 74 lots.

No official Council action was taken on the proposal. Members indicated they would await an official recommendation from the City Planning and Zoning Commission which already has viewed the plat.

that local personnel be authorized to prepare appropriate assessment rosters in an effort to speed up the project and save time when the legislation is received here. Council gave verbal approval to this plan.

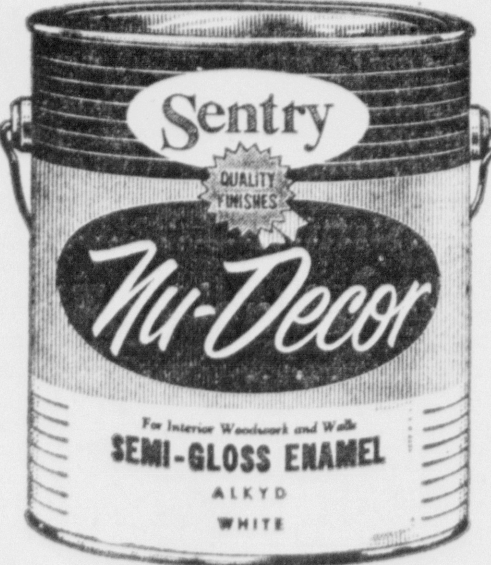

Plans for the project, drawn by Burgess and Niple of Columbus, estimate total cost at around \$185,000. The city's share has been estimated at \$21,568.

The new system would service areas in the northend not already benefitted by present facilities. Tentative assessments have not been computed to date.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP)—Ohio Dept. of Agri. cash grain prices: No 2 red wheat mostly unchanged 1.91-1.98, mostly 1.92-1.93; No 2 yellow corn mostly unchanged or 57-1.68 per 100 lbs, mostly 1.60-1.63; No 2 oats mostly unchanged 65-75, mostly 67-72; No 1 soybeans mostly 1.2 lower 2.49-2.56, mostly 2.50-2.53.

Local Area Businessmen To Get Government Purchasing Info

An opportunity to share in the multi-million dollar Federal procurement program will be offered to small business firms in Central Ohio on Tuesday and Wednesday, according to an announcement directed to the Circleville Area Chamber of Commerce.

Representatives of the U. S. Air Force, U. S. Army, National Aeronautics and Space Agency, and the comparatively new Defense Supply Agency will be at the Nationwide Inn, Columbus, to offer first hand information concerning the hundreds of items and services which the Government is seeking to purchase.

The following business specialists will be on hand all day Tuesday and until noon Wednesday for private consultation to discuss Government bidding opportunities and procedures, current invitations for bid, and all other phases of the procurement program: Clifford Newell, Army Procurement District, Cleveland; Norman C. Prast, NASA Lewis Propulsion Lab,

Cleveland; Ralph Saeger, Defense Construction Supply Center, Columbus; Paul E. Birkhold, Air Force Contract Management District, Dayton.

Mrs. Bennet emphasized the fact that many of the varied commodities and services procured regularly by the Air Force, Army, NASA and other Federal agencies could be furnished by local area firms if they have an interest and know what is required.

Advance appointments for interviews are not required. Further details may be obtained from the local Chamber of Commerce office.

Darby Drops 5-1 Contest

Darby dropped a 5-1 decision to The Plains yesterday at Mt. Sterling in the initial start of the baseball season for both teams.

The Trojans fell behind in the first inning when the host team scored three runs on two walks, one hit and an error. The losers scored on a walk and an error in the first.
